## Sen. McCarthy Assigns Man To Investigate CIA

NEW YORK (AP) — Newspapers reported today that Sen. Joseph R. McCarthy (R-Wis) has assigned Donald Surine to a preliminary investigation of the Central Intelligence Agency, and they said Surine does not have federal security clearance.

Surine told a reporter in Washington a week ago that he had security clearance.

Asked about the story that he had been assigned by McCarthy to investigate the CIA, Surine said in Washington: "I don't know anything about it." He declined to be drawn into a discussion.

Washington dispatches to the New York Times and New York Herald Tribune attributed the assignment and reported lack of security clearance of Surine to informed sources.

The Times, calling Surine "one of Sen. McCarthy's most controversial investigators," said he was "dropped from the rolls" of the FBI in 1950. The story added:

"A security clearance for him from the Defense Department, requested about a year ago by the (McCarthy) Senate Permanent Subcommittee on Investigations, has not yet been forthcoming.

McCarthy has charged Communist infiltration into the CIA, and has said it might well be the subject of a full-scale investigation by his subcommittee.

Allen W. Dulles, CIA director and brother of Secretary of State John Foster Dulles, has called the charge "false."

## Highway Buyer Must Face Trial

GRAND HAVEN (AP) — Ronald V. Kennedy, former state highway right-of-way buyer, must stand trial on charges of conspiracy to defraud the state of \$600 in land deals.

He was bound over to Circuit Court by Municipal Judge Louis Osterhaus Wednesday after a preliminary examination. No date was set for arraignment.

Named co-conspirator but not a defendant was Kennedy's former boss, G. Palmer Seeley, who is serving a 2½ to 5 year prison term for conspiracy to defraud in Muskegon County transactions.

Seeley, former head of the Grand Rapids right-of-way division, did not appear at Wednesday's hearing.

Ottawa County brought charges accusing Kennedy of defrauding the state after similar charges accusing him of conspiracy with Seeley to defraud two Ottawa County brothers were dismissed by Judge Osterhaus.

### Smelt Mayor Dies

BOYNE CITY (AP) — Funeral services for the legendary Bill Smith, "Mayor of Smeltania," will be held Friday afternoon. Smith, 77, died Wednesday following a stroke. He received national prominence in 1938 as "mayor" of the smelt ice fishing village on Lake Charlevoix.

## Levees Hold Back Biggest Des Moines Flood In History

DES MOINES (AP) — The Des Moines River crested in Iowa's capital city today at a historic high of 30.19 feet. This was 18 feet above its normal flow. All major imperiled areas were safe, however, and flood defense officials said "We think we've got it whipped."

A three day battle, first to raise the levees and then to hold them against the pounding waters, was in its climactic hours. All major dikes were holding. No lives had been lost.

Above 1947 Peak  
The crest was 3½ feet higher than the official peak reached in the disastrous 1947 Des Moines flood when a major levee gave way and flooded a residential area.

Minor breaks in the miles of levee system, sand boils, and undermining occurred from time to time today. Flood officials said the situation would remain serious for some 24 hours.

The crest was of several hours

## Slayer Of Love Rival Convicted

DETROIT (AP) — Milkman John P. Lange, convicted of slaying his love rival, planned today to appeal to the State Supreme Court in an effort to save himself from a life term in prison.

A Recorder's Court jury deliberated little more than four hours Wednesday before finding Lange guilty of first degree murder in the fatal shooting of steel executive John W. Mattson, 43. Unless changed by a higher court, the verdict means life imprisonment.

Lange, 51, confessed shooting Mattson as he sat at his desk at the Atlas Steel Co. the night of last Jan. 25. Later, however, he retracted the confession and said he had been "brainwashed" by police.

The prosecution charged that Lange killed Mattson because he considered him a rival for the affection of Mrs. Estelle Jamieson, 45-year-old drugstore waitress. Mrs. Jamieson admitted affairs with both men.

### Housewife Wins \$500 For Cooking Chicken

GEORGETOWN, Del. (AP) — A 43-year-old housewife and mother of three today won the crown of National Chicken Cooking Queen.

Mrs. Steven J. Barczewski, who lives on a 240-acre farm near Newark, Del., won the title, \$500 and other prizes Wednesday at the 7th annual Delmarva Chicken Festival.

Her recipe: Broiled chicken basted with white wine and crab apple jelly and served with tea biscuits. It won over 99 other entries.

## Red Cold War Tactics Baffle United States

By JAMES MARLOW  
WASHINGTON (AP) — President Eisenhower, in his State of the Union message last Jan. 7, proudly proclaimed this country had seized the initiative in the cold war with communism.

Whatever happened to that initiative?  
Here, six months later, instead of having the Communists on the defensive, this country has been baffled on two fronts: Diplomatically, at the Geneva conference and militarily, in Indochina.

The Eisenhower administration had 16 months—between the time it took office in January 1953 and last April when the Indochina War between the French and the Communist-led Vietminh reached a crisis—to work out a plan if crisis came.

### No Plan At All

In that time the President and members of his administration repeatedly had talked of the importance of keeping Indochina out of Communist hands, saying if it fell all Southeast Asia might go like so many dominoes.

But when the showdown came—the crisis in Indochina began to develop just before the foreign ministers' conference opened in Geneva April 26—it turned out the administration had no plan at all.

Instead, it scurried around trying to find a way to save Indochina. It urged the French and British to join it in united action in Indochina. The British wouldn't buy.

The administration has never publicly stated what form this united action would take. It may not know. Eisenhower's advisers were divided on what kind of action—and whether any action—should be taken.

It was Secretary of State Dulles who was the big talker. He spoke ominously of the "massive retaliation" this country would invoke if the Chinese Communists invaded Indochina to help the Vietminh.

### Chinese Amused

This startled America's European allies, who could envision themselves engulfed in an atomic war. But, instead of startling the Chinese, it may have amused them.

They didn't have to send troops into Indochina to help the Vietminh. The Vietminh had manpower. What it needed was supplies, equipment, and Chinese advisers and technicians. China sent them.

The net result: The Vietminh crushed the French at Dien Bien Phu and have been pushing them back since; rising Vietminh prestige probably won them new Indochinese recruits by the thousands; and the will of the French to win in Indochina was mauled.

Meanwhile, the administration set out to deal with the Communists diplomatically at Geneva where the foreign ministers of the

## Millard For Firing Two On Peninsula Conservation Staff

LANSING (AP) — Conservation Director G. E. Eddy was virtually told by Atty. Gen. Frank G. Millard today to fire two conservation officers. But Eddy wants to wait until he can talk with them personally.

The two officers, Michael and Stephen Kukura of Crystal Falls, refused to testify against their superior, Bernard J. Stephansky, suspended field administration regional supervisor for the Upper Peninsula, at a hearing before the Civil Service Appeal Board.

Eddy was leaving for the Upper Peninsula today and will not be back in his office until next week. He said he would discuss the case with the officers and decide his course of action after that.

### Draft Call Will Be 23,000 For August

WASHINGTON (AP) — The Army today issued a draft call for 23,000 men in August.

The new call is the same as that previously announced for July and brings the total number of men drafted or earmarked for induction since September 1950, to 1,743,430.

Draft calls increased from 18,000 in June to 23,000 for July to meet Army requirements based upon the knowledge that many men will be completing their two years of active duty in the fiscal year starting next month. The draft quota last January was 23,000 but was reduced to 18,000 in February and remained at that level for five months.

### French Hold Secret Talks With Vietminh

GENEVA (AP) — The French have started secret talks with Vietminh Foreign Minister Pham Van Dong. An informed source said today chances of settling the Indochina war now seem "reasonably good."

## Guatemala War Turned Into Propaganda Battle

By SAM SUMMERLIN  
TEGUCIGALPA, Honduras (AP) — The Guatemalan War entered its seventh day today with most of the fighting still apparently raging over the propaganda airwaves and in the diplomatic arena. There was no indication of a major battle shaping up anywhere.

The anti-Communist "liberation army" seemingly was bogged down by lack of transport just north of the Honduran border. The army of Red-backed President Jacobo Arbenz Guzman still had not made an appearance in force in the field.

### Honduras Protests

There were these developments:  
1. Seven persons were reported wounded, three gravely, when Honduran police fired on a Tegucigalpa crowd watching a pro-Arbenz, anti-U.S. demonstration by students in the Honduran capital Wednesday night. Later thousands of the students and townspeople gathered to parade through the city.

2. Honduras charged a Guatemalan airplane bombed a Honduran airfield Tuesday. The Tegucigalpa government said it is protesting to the United Nations and to the Organization of American States. U. N. sources in New York said Wednesday night the international organization had not yet received the protest, the third filed in connection with the fighting. Guatemala has entered two, one of which still is pending.

3. Guatemala promptly denied the bombing charge. Guatemalan Foreign Minister Guillermo Toriello said in a statement "not a single Guatemalan plane has flown toward the Honduran frontier."

### U. S. Citizens Safe

4. The OAS's Inter-American Peace Commission, meeting in Washington, referred to Guatemala

a proposal by Honduras and Nicaragua that the five-nation body make an on-the-spot investigation of charges by the Arbenz government that the two neighboring republics supported "aggression" against Guatemala. Commission Chairman Luis Quintanilla of Mexico said he hoped the Guatemalan government would accept this "generous offer" promptly.

5. Nicaragua formally denied it was guilty of any aggression. In a cable to the U. N., Nicaraguan Foreign Minister Oscar Sevilla Saca said the charges were intended to conceal the Communist affiliations of the Arbenz government.

6. A Guatemalan broadcast said President Arbenz has assured U.S. Ambassador John Peurifoy in Guatemala City the safety of U. S. citizens living in that country would be assured. There had been reports earlier that the embassy was planning to airlift out the nearly 1,200 Americans there.

### Claims Conflict

The progress of the rival armies was clouded by a welter of conflicting reports, many of them obvious propaganda claims. One rebel broadcast claimed the insurgent forces led by Col. Carlos Castillo Armas were moving on Guatemala City from three sides. A govern-

## One Convict Killed; Gas Quells Riot At Pontiac, Ill., Prison

PONTIAC, Ill. (AP) — Twenty Pontiac prison convicts were held in solitary confinement today and all other inmates were kept in their cells during an investigation of a riot Wednesday night in which one prisoner was killed.

Those held in solitary confinements were described as the worst offenders during the two-hour disturbance which guards quelled with barrages of tear gas.

After the riot the body of Edwin Jenkins, 21, Chicago Negro inmate, was found in his cell. Coroner Vernon Von Qualen said a preliminary autopsy report showed Jenkins was killed by a "high speed projectile" which struck him in the back of the head. However, prison officials said the guards used only tear gas to stop the disturbance. Prison officials are seeking to learn whether one of the rioting convicts had been armed with a gun.

Joseph D. Bibb, state director of public safety, two assistant attorneys general and James E. Denen, superintendent of state prisons, are seeking a motive for the riot in an investigation which began early today.

### Fires In Trash Cans

Damage was limited to several broken windows and a few minor fires were set off in trash cans.

Pontiac is the state's second largest prison.

Warden David Bergan said the demonstration began in the west cell block when the prisoners were being returned to their cells after supper.

"They started rioting as they filed into the cell block," said Bergan. The cell block houses 600 of the 1,500 convicts at the prison. Bergan said most of the men were in the block when the rioting started but "about 150 refused to enter and were taken back to the dining room."

### Come Out Sobbing

"We notified the men to file out quickly or they would be gassed," said the warden. "We waited and when they made no sign to come out, we lobbed in some tear gas shells."

More than 100 sobbing, choking prisoners came out.

Bergan said the second wave of gas brought out all but about 50 of the men.

"Another firing of gas, and then some of the guards, wearing gas masks, entered the block and brought out the last of the prisoners."

Jenkins was found lying on the floor with the head wound.

## Candidate Moody Has Heart Attack While In Hancock

LANSING (AP) — Former U. S. Sen. Blair Moody suffered a heart attack this morning, the executive office reported today.

The office issued a statement from Moody's press assistant announcing the attack which occurred about 9:30 a. m. in St. Joseph's Hospital, Hancock.

Moody, campaigning for the Democratic nomination for the Senate, entered the hospital Wednesday night. His ailment was first diagnosed as a virus infection and then as virus pneumonia.

The press statement said a specialist was being brought to Hancock "to determine the exact seriousness of his condition."

### Farmers Need Loans

LANSING (AP) — G. Elwood Bonine, state director of the Farmers Home Administration, said today he had asked that Jackson, Ingham and Livingston counties be declared eligible for emergency loans to farmers suffering from flood damage.

The designation would make farmers eligible for emergency loans if they suffered damage to crops and farm properties because of cloudbursts June 19 and 21.

## Fake Allotments Up In Millions; Many Face Jail

WASHINGTON (AP) — The chairman of the House Armed Services Committee, Rep. Short (R-Mo.), said today that American taxpayers have been swindled out of millions of dollars by servicemen fraudulently claiming benefits for their parents.

Disclosing what he said were early findings in a broad Army investigation, Short told offenders to "take cover because the full force of justice is coming their way."

The benefits under scrutiny, known as secondary allotments, are paid to parents of armed services enlisted personnel upon affidavit by serviceman and parent that the serviceman pays more than one-half of the parent's support. Part of the money comes from the serviceman's paycheck and part from the Treasury. The government's share ranges from \$51.30 to \$96.90 a month.

Initial findings, Short said, indicated that about 30 per cent of secondary allotments involving Army personnel were improper or fraudulent.

Short said savings would amount to at least 20 million dollars as a result of the Army's investigations, with proportionate savings by the other services. The savings represent money that would have been paid out if the investigations had not been made, he said.

Federal prosecutions and courts-martial are pending in many cases, Short said, with the Army already having obtained 30 convictions through courts-martial.

## State To Audit Spalding Books

LANSING (AP) — State auditors will move into Menominee County Monday to check the accounts of Spalding township and Spalding township school district.

Aud. Gen. John B. Martin said he had ordered the audit at the request of Atty. Gen. Frank G. Millard after 25 per cent of the registered voters of the township petitioned for the inquiry.

The petitioners, Martin said, charged discrepancies between the books of the township and the school district regarding the amount of money owned to the district by the township and the township's handling of the district's share of the 10-cent-an-acre "swamp tax" payments.

### Killed In Truck

ST. JOHNS (AP) — One migrant worker was killed and 10 seriously injured Wednesday night when the truck they were riding in went out of control and overturned on US27 south of St. Johns. The truck was carrying 27 workers to fields near Shepherd.

## Fantastic Remedies Of Chinese Doctors In Korea Revealed

By RENNIE TAYLOR  
AP Science Reporter

SAN FRANCISCO (AP)—The North Koreans had some fantastic medical treatments for their prisoners of war, a U.S. Army doctor reported today.

Prisoners complaining of vitamin deficiencies were given bile from the gall bladders of butchered pigs, Maj. Alexander M. Boyesen, of the Brooke Army Medical Center, Ft. Sam Houston, Tex., told the American Medical Assn.

This treatment did a good job of keeping men away from sick call.

**Needles In Skin**

For the treatment of pain a Chinese doctor used a series of short needles attached to spring vibrators. The needles were put into the skin around the painful area and made to vibrate.

"As you might suspect," Maj. Boyesen said, "some cases of back pain and headache were cured by this treatment."

Another Chinese doctor decided all complaints of eye trouble were caused by glaucoma, a condition in which the fluid pressure in the eyeball increases. The Chinese medic treated all eye patients with salt water injections under the eyelid, the medical officer reported.

Maj. Boyesen who is from Bemidji, Minn., spoke of the experiences of himself and four other medical officers who had been captured.

In the spring of 1953 food became so scarce that prisoners ate boiled weeds, Boyesen reported.

Frequently the only medicines available were cough tablets for pneumonia and charcoal tablets for dysentery. Incisions for drainage of abscesses were made without anaesthesia and sometimes with improvised instruments, such as the metal arch support from a combat boot.

## Cowboy Boots Lead To Arrest Of 3 Burglary Suspects

STAMBAUGH — Footprints of cowboy boots today were credited with the solution of the robbery, several weeks ago, of about \$600 from the Stambaugh High School and several other breaking and entering cases in Iron River and Stambaugh, in which three minor youths took loot valued at more than \$1,000.

The series of thefts was solved with the arrest of the Stambaugh youth Tuesday afternoon in Iron Mountain, where state police questioned 11 others believed to have been involved in larceny cases there.

The Stambaugh youth, who had purchased a car in Iron Mountain, was one of the suspects brought to the police barracks in Iron Mountain for questioning.

Prosecutor Roosevelt R. Dascola said that he will ask the county juvenile judge, Norman Trahair, to waive jurisdiction in the cases and hold the three youths to circuit court on breaking and entering charges.

## Seek Higher Rates:

# Power Co. Asks \$200,000 More Per Year From City

Initial step in an action by Upper Michigan Power & Light Company to obtain higher rates for the electricity it sells to the city of Escanaba will be taken June 30 in Escanaba at a hearing on jurisdiction by the Michigan Public Service Commission.

The hearing scheduled for 2 p. m. next Wednesday in City Hall is to establish whether the Public Service Commission has jurisdiction in the rate increase petition by the Power Company, a subsidiary of Mead Corporation.

The Power Company's petition, signed by E. G. Bennett, president, cites to the Public Service Commission that the Power Company serves the cities of Gladstone and Escanaba and adjoining rural townships in Delta and Marquette counties.

At Least \$200,000 Under the present contract with

the city of Escanaba, to supply the city with electric power wholesale, the Power Company is losing money because the rate is "entirely inadequate" and should be increased by the Commission to permit the Power Company "a fair rate of return."

The Power Company asks the Public Service Commission to assume jurisdiction, to hold a hearing on the petition for higher rates, and to authorize the Power Company to "increase its rates to the City of Escanaba to earn at least an additional \$200,000 a year."

At the June 30 hearing the question to be argued will be whether the Public Service Commission has jurisdiction in the petition, or whether it would require court action to compel the city to pay higher electric rates to the Power Company.

### Questions Contract

Upper Michigan Power & Light Company will be represented at the hearing by Atty. Herbert Wood and Hood of Manistique; and Escanaba by City Attorney Denis McGinn.

In its petition the Power Company questions the legality of its contract with the city to supply electric energy to Aug. 1, 1959.

The city claims the contract is valid and remains in force and effect until its expiration in 1959, at the rates as stated in the contract.

The contract was entered into on Aug. 1, 1939, and was modified and supplemented on 1941. The Power Company questions the contract because it covers a period greater than 10 years, claims that the contract is void, and that the Public Service Commission has jurisdiction to fix new and higher rates to be charged the city.

## Milkmen Strike In Detroit Area

DETROIT (AP)—A strike of 3,300 CIO milkmen and production workers against 23 Detroit area dairies started at midnight Wednesday.

Production workers left their jobs yesterday after processing milk for delivery today.

Union milkmen will join the strike officially when they complete today's deliveries.

Jack O'Keefe, president of Local 83 of the United Dairy Workers, said the local's executive board rejected a proposal by state mediation chief George E. Bowles that a three-man fact finding panel be appointed by Gov. Williams investigate the issues.

O'Keefe said the union felt it could settle the dispute faster by going into negotiations. Bowles called a morning meeting of representatives of the union and the Detroit Milk Dealers Assn.

The union said the strike would cut deliveries in the metropolitan Detroit area by 75 per cent. Also affected are consumers in Pontiac and Mt. Clemens.

The union said service would be provided to hospitals and other vital users. Distribution centers will be established to allow parents of small children to buy milk.

## Hermansville Legion Plans Installation

HERMANSVILLE—Officers of the American Legion Post of Hermansville will be installed in July for the coming year. Officers of the Leo Floriano Post 340 are: Clifford Gustafson, commander; Howard LaCasse, 1st vice commander; Merle Vincent, 2nd vice commander; William J. Eisenzoph, service officer; Reuben J. Marcoe, finance officer; Harry Deacon, historian; Glenn Arnold, sergeant at arms; and Steve Tomassick, chaplain.

### Memorial Service

A very impressive and beautiful memorial service was held at the Methodist Church Sunday evening, June 20. Mrs. Edward J. Hiller, chairman of the altar committee, assisted by Mr. Hiller, made the presentations which were accepted by William J. Anderson, chairman of the Church Board and dedicated by Rev. John A. Larsen.

The Memorials consisted of solid brass altar ware, cross, two candle sticks, two lighters and one alms basin in memory of David Downey, from friends; one alms basin, in memory of Mrs. David Downey, from the family; one silver communion set in memory of Mr. and Mrs. Fred Vickery, by their children; a hymn board in memory of Axel Johnson, by his wife and sister, Mrs. George Nieman.

New hymnals were presented to the church in memory of the following: Mr. and Mrs. William Radue Sr., Archie L. Graves, Justin D. Mayes, Henry Jensen Sr., W. B. Earle, John C. Taylor, Axel Johnson, Mrs. F. J. Vickery, Mrs. Clara Ryberg, David Downey and Mr. and Mrs. Anton Hiller. These hymnals were gifts to the church by the families of the deceased.

Mrs. Arthur Fortiere of Iron Mountain, Charles Mass of Detroit and Miss Olive McClintchey of Nahma attended the service.

The choir sang the Lord's Prayer as a special request for the service.

### Briefs

Mr. and Mrs. Edward J. Hiller have returned from a trip to Sault Ste. Marie and Charlevoix, Mich. While in Lower Michigan, they visited Mrs. James L. Trumath, a former resident of Hermansville. Miss Olive McClintchey of Nahma was a guest of the Hiller's Sunday.

The American Legion Post 340 will meet this evening in the Legion Club rooms.

Mr. and Mrs. Tony Machalk and Miss Mary K. Miketina were among those attending the Kobasie-Dufresne wedding in Escanaba Saturday.

Mr. and Mrs. Walter Peterson of Kewaunee, Wis., spent the weekend here with relatives.

Mr. and Mrs. Robert Seering and Mr. and Mrs. Gerald Anzalone of Hortonville visited with friends over the weekend.

# Eisenhower-Churchill Conference To Start Off In Disagreement

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Preliminary indications that the Eisenhower-Churchill conference opening here Friday will be held in an atmosphere of sharp disagreement.

British Prime Minister Churchill and Foreign Secretary Eden are due here for weekend meetings with President Eisenhower and Secretary of State Dulles. The ostensible purpose is to close the gap in British-American relations.

Here are some of the steadily developing differences:

1. Indochina - Eden told Commons Wednesday he hoped it would be possible to agree to a Southeast Asian defense system against aggression encompassing a general non-aggression pact in which Communist and free nations would join, plus a straight-out free nation defensive alliance. Eden put Britain on the side of moving slowly toward an Asian alliance as a long-range means of protection.

2. European Defense Community - The United States has been talking about a revision of its policies, based on creating an international army including French and German forces. Because of French inaction, American officials have thought the talks this weekend should consider alternative ways of arming West Germany outside the proposed EDC.

3. Colonialism - Dulles is said to feel this government must champion of freedom and independence. Specifically, the secretary has been reported as interested in having the British come to some agreement with the Egyptian government over the Suez Canal, long a thorny London-Cairo issue.

Word is now circulating, however, that the British—never too keen about EDC—have more interest in alternatives than the United States is ready for. American officials fear that any pressing for alternatives might endanger whatever chance still exists of getting EDC ratified by France.

Born June 29, 1876 in Poland, he came to Chicago in 1903 where he had resided until two years ago when he came to live with his daughter, Mrs. Henry Harp. Mr. Janusik was a retired custom tailor.

He is survived by two sons, John J. and Cisemer J., both of Chicago; one daughter, Mrs. Henry Harp, Wilson; one sister, Mrs. Sophie Styger, Chicago, five grandchildren and one great grandchild.

Friends may begin calling at the Boyle Funeral Home, Bark River, Friday at 10 a. m.

The rosary will be recited Friday evening at the funeral home at 8 p. m.

Funeral services will be held Saturday at 9 a. m., (CST), at St. Bruno's Church, Nadeau, with Rev. Gino Ferrari officiating. Burial will be made in Lakeview Cemetery.

## Girls Caught In Shoplifting Spree

Two Gladstone girls, 15 and 16 years of age, were apprehended in Escanaba yesterday afternoon by police after they had pilfered about 30 items from four business places and stuffed them into a large leather brief case.

Value of the stolen articles was reported by police at \$46.71. All of items stolen by the girls on their shoplifting spree were recovered.

Escanaba Police Chief Jack Finn said the two girls will be referred to juvenile court authorities for investigation. Because they are under 17 they cannot be arraigned in justice court.

## Decker Back After Month's Vacation

S. E. Decker, meteorologist in charge of the U. S. Weather Bureau here, returned Wednesday night from a month's vacation spent principally at Ironwood and at Des Moines, Iowa.

He states that although he missed the spell of weather that caused the current flood in Des Moines, his return trip all the way from near Dubuque to northern Wisconsin, was beset with rainstorms of torrential proportions.

At one time employed in the Des Moines weather station he has been able to note a strange quirk in the situation there. Although the Des Moines river is at the highest stage in its history, another river, the Raccoon, flowing through the same city, is at no flood stage at all and has been a means of hindering rather than helping the flood threat in the city.

S. W. Kipper, who has been in charge of the weather station here during Decker's absence, will return to Milwaukee, Wis., tomorrow.

### City's Swim Classes Provide Opportunity For Children

THE Escanaba Recreation Department will offer swimming lessons to interested youngsters again this season, starting July 6. This is an opportunity that youngsters should not miss. The wise parents will see to it that their youngsters get the benefit of this training.

The classes are open to anyone over the age of seven years; the younger the better but even those who are older should not miss a chance to learn the essentials of swimming. The classes are free except for a registration fee of 50 cents.

Every child should learn how to swim. This knowledge gained early in life will provide many happy hours of pleasure in future years and it may also be the means of saving lives.

Swimming instructors say that a youngster can learn to swim after only a few lessons, provided, of course, that the child takes the instruction seriously enough to practice what he learns.

The Escanaba Recreation Department offers classes for beginners, as well as intermediate, advanced, Junior and Senior life saving courses. Literally thousands of

local residents have learned to swim and to become proficient in the water as a result of these classes over the years. It is one of the best services provided by the recreation department.

### Chinchilla Breeders Analyze Test Auction

CHINCHILLA breeders of the Upper Peninsula are analyzing the results of the test auction of domestic chinchilla pelts in New York this week with a view to determining the future prospects of their industry.

It is doubtful if the New York auction provided any clear cut answers. The price range varied from \$175 per pelt to \$14, with half of the pelts withdrawn from the sale when the price skidded.

A spokesman for the National Chinchilla Breeders of America, not identified, said the sale was "not disappointing." He said that it showed interest and good prices in offerings of high grade pelts. Particularly encouraging, according to this source, was the turnout of 500 bidders, including some of the nation's top stylists.

The average price of the pelts sold in New York this week was \$36.75 per pelt, but the variance in prices was so great that no real standard was established. If all of the 10,000 skins that were available for auction had been sold, the average price, of course, would have dropped considerably.

For a number of years the chinchilla industry was pegged to a completely unrealistic price standard. The small animals were raised not for fur but for breeding purposes. The arbitrary prices quoted for a pair of breeders, usually without regard to quality, were ridiculously high, about \$1600 a pair.

The true value of the chinchilla business will ultimately be determined by the demand for the fur. That is still a question mark as the New York auction this week proved.

However, the test sale did show one thing that most of the leaders in the industry have known right along. That is the fact that breeders will have to improve the quality of the furs offered for sale if they expect the chinchilla business to be sound. The buyers paid high prices for good skins but showed only casual interest in the pelts of inferior quality.

The chinchilla breeders still have a long ways to go to attain the position which the mink breeders have attained.

### Questions and Answers

**Q—Under President Eisenhower's proposed budget for fiscal 1955, what part of the budget dollar will go for national security?**

**A—**For major national security expenses the President proposes to spend 68 cents of the budget dollar. These expenses include military, the mutual military program, atomic energy and stockpiling. Some 22 cents of the dollar is scheduled to go for charges fixed by law, such as interest on debt, grants in aid to states and veterans benefits. Ten cents per dollar would go for all other expenditures.

**Q—Does the Mutual Defense Treaty with the Republic of Korea obligate the U. S. to help South Korea if it starts a war to win back North Korea?**

**A—**No. The treaty, approved by the Senate Jan. 26, promises American aid only if outsiders attack South Korea's present territory or areas which the U. S. later recognizes as legally brought under the Republic's control. Although Secretary of State John Foster Dulles assured the Senate Foreign Relations Committee that the treaty required aid only against external aggression, the Senate attached a reservation to pin the point down.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—For some time a new technique of government operation has been taking place in Washington. It is a technique of revenge by investigation, of threat, retaliation, and political blackmail; a technique reminiscent of Hitler's day and hitherto almost unknown in government.

Those who have introduced and employed this technique are the junior senator from Wisconsin and the little group immediate around him. The technique has grown to such an extent that it has now almost become a pattern. It began when McCarthy raised money to defeat Senator Tydings of Maryland after Tydings refused to concur in McCarthy's Communist charges against the State Department. And it continued through the campaign to defeat Senator Benton in Connecticut, right down to the recent attempt to defeat Senator Margaret Chase Smith in Maine.

The above cases are well known. But the cases which the public doesn't know so much about, when stacked up together, present an amazing record of intimidation illustrating the new Hitler technique. Here is part of the record:

When McCarthy learned that Struve Hensel, assistant secretary of defense, had written the Army memo dealing with Cohn-Schne, he sent two investigators, Don Surine, once fired by the FBI, and Jim Juliana, to New York to probe Mr. Hensel's business activities. And on March 25 at 9:30 p. m., a man called at the home of Mrs. William T. Creagan, 325 East 7th Street, Brooklyn, mother-in-law of Hensel's former business associate, Arthur L. Peirson. The man identified himself as a detective from police headquarters and wanted to know where Mrs. Creagan's daughter, Mrs. Arthur L. Peirson, resided.

### PHONY COP

Mrs. Creagan asked why he wanted to know and was told that her daughter had been in a hit-and-run accident, had left the scene of an accident, and the police were looking for her.

Mrs. Creagan is a lady in her eighties, and naturally news that her daughter had hit-and-run agitated her greatly. She gave the alleged policeman her daughter's address in Vineland, N. J., but later that night was still weeping when her daughter happened to call and assured her that she had been in no hit-and-run accident, nor in any accident of any kind.

Next day Surine and Juliana, McCarthy's two gumshoe men, located Hensel's partner, Peirson, in Vineland and admitted that his address was secured from his mother-in-law. However, there was no secret about Hensel's address and they could have obtained it through ordinary business channels.

McCarthy, who also secured a confidential copy of Hensel's income tax returns from his friend commissioner T. Coleman Andrews, has now admitted that he had no case against Hensel but was following the "kick-'em-below-the-belt" technique once taught him by Indian Charlie back in Wisconsin.

### COHN'S TECHNIQUES

McCarthy is not the only man who has used this technique. His counsel, Roy Cohn, used it on Senator Jackson of Washington when the senator showed up Cohn's friend, Private Schine, and his juvenile theory of psychological warfare. Cohn had been investigating Jackson's past and came to the Senate hearings with a file ostentatiously labeled "Jackson's record."

Also when Col. Earl Ringler at Fort Dix refused to give Private Schine certain privileges, Cohn decided to do a "rundown" on him, in other words, investigate him.

McCarthy also went after Time Magazine following critical stories about him. First he accused Time of following the Communist line and wrote every advertiser asking that they cancel their advertising. When this failed to change Time's editorial policy, McCarthy who is chairman of the subcommittee on post office appropriations, proceeded to bulldoze Time in connection with its second-class mail privileges.

McCarthy secured from Postmaster General Summerfield figures on the cost of Time's mail subsidy and in a committee hearing proceeded to draw out the fact that Time had received about \$17,000,000 through second-class mailing privileges. He claimed this was a profit at the expense of the taxpayers.

### PROBES FELLOW SENATORS

Just how many fellow senators McCarthy has kept a record on is not known. It is known that he has been checking on Symington of Missouri, McClellan of Arkansas, and Hennings of Missouri. At one time when Hennings was serving on the subcommittee charged with probing McCarthy, McCarthy accused Hennings of employing Communists. Hennings asked that the FBI investigate his entire staff and disproved the charge.

What makes the McCarthy revenge technique particularly sinister is the fact that he operates in part with private money, yet he has the power of Senate subpoena and is able to obtain income tax returns. Thousands of dollars have been poured into McCarthy's hands by the Texas oil millionaires and others which, in effect, give him his own SS elite corps of private probes, financed by private funds, yet using the power and prestige of the U. S. government.

### By DOUGLAS LARSEN

#### NEA Staff Correspondent

WASHINGTON (NEA) — Twenty-two U. S. airmen have apparently become helpless pawns in the vicious game of international politics being played by the Communists.

Out of the 137,000 Korean casualties, they're the only ones still considered "missing." The rest in that group will be officially declared "dead" or "presumed dead" by the anniversary of the cease-fire.

Thus, four years after the start of the Korean war on June 25, these 22 men and their families—bitter in the belief that Uncle Sam has forgotten them—will be the only ones not celebrating the first peaceful observation of that tragic date.

The U. S. State Department says: "The exact nature of the diplomatic steps to get the men freed cannot be revealed."

Families have received sympathetic form letters from the government, and the State Department has announced sending one note to Russia on the matter.

Privately, one official says, "We've just got to wait and see what ransom they're going to ask for the men, and it could be anything."

Fourteen of the 22 were in a B-29 which crashed somewhere near the Yalu River Jan. 12, 1953. The official Air Force report states:

"Mission departed Rokota Air Base, Honshu, Japan, 5:20 p. m. At 11:16 p. m., a distress signal was heard. Ground radar reported the B-29 south of the Yalu River at the time. Unknown planes appeared to merge with the B-29 which then disappeared from the radar scope."

Several days later a Chinese Communist broadcast announced

that the B-29 crew members were being held as "political prisoners" because of crashing in Manchuria. It gave the names of the plane commander, Col. John K. Arnold of Montgomery, Ala., Maj. William H. Baumer of Lewisburg, Pa., and Capt. Eugene J. Vaadi of Clayton, N. Y., who were aboard.

The report also said three members of the crew had been killed. The day after the crash, when it was being reported on a routine U. S. newscast from Korea, a strange thing happened.

No names of the crew were mentioned. But as the mother of A-2C Daniel C. Schmidt of Northport, Wash., listened to it she said: "I know Dan was on that plane, but I know he is alive. Call him, mother's intuition if you wish."

Friends there scoffed at her. But they were astonished several days later when she got official word on her son's crash, including the Commie claim that they were holding him as a political prisoner.

"I believe the Reds are holding them to make the U. S. do as they want this country to do. And so far the Reds are doing a pretty good job of it," she says.

Typical of what happened to the jet fliers is the case of Lt. Lyle W. Cameron of Lincoln, Neb.

On Oct. 26, 1952, while flying near Huichon, North Korea, members of his flight saw him bail out when smoke started pouring from his wing. A few minutes later they got word from him over his emergency radio that he was safely on the ground. Being short of fuel they left. That was the last official word on him.

His mother reports: "On Dec. 15, 1952, we received a Communist newspaper printed in English from Shanghai, China, from an unknown sender with Lyle's picture on the front page. We have also received clippings

from German and French Communist papers."

These stories claim he was a political spy because he landed in Manchuria.

"God willing, we feel that Lyle will some day get home," Mrs. Cameron says.

The remaining four on the "missing" list are Navy pilots whose cases are similar to those of the AF jet pilots. There's evidence they all landed safely behind enemy lines. There are further bits of information from returned POWs adding to the belief that they are alive and held in Manchuria.

Recently at Geneva, Huang Hua, a Chinese Communist press officer, was quizzed in a press conference about the status of the 22 missing men. He admitted they held Jet Ace Harold Fischer and countered with the claim that it was no worse than the 5000 Chinese students in the U. S. who were not being permitted to return to their homes in China.

In reply the U. S. State Department issued a statement that 120 Chinese students were being detained in the U. S. because they possessed technical, classified information. It was pointed out that they were not in prison and only had to report to the Justice Department periodically.

"Maybe the Chinese want to trade the students for our men. But maybe they will hold out for membership in the UN as ransom. We just don't know now," a State Department official says.

While the negotiations continue, Mr. and Mrs. Steve Kiba of Akron, Ohio, whose son, A-1C Steve Kiba Jr., was on the B-29, express a typical attitude:

"While God is on our side none of the family will give up hope. They send our boys across the water to fight and then when they are missing everyone forgets about them. It's a shame."

## Good Evening...

By CLINT DUNATHAN

**SPEAKING HIS MIND** — Herbert L. Brown Jr., managing editor of Changing Times, the Kiplinger magazine, notes editorially in the June issue:

"The newspapers are beginning to run those pictures of high school graduating classes, and as I look at them, I find myself glad that I am not one of those graduates this year."

"Oh, it would be wonderful to be 18 again, I guess, but it would not be too pleasant if a lot of older folks had deep misgivings about you and sort of looked down on you for not being very well schooled. Yet this is exactly the attitude that many people have about today's crop of graduates."

Thinking the subject over, Editor Brown says that the staff of Changing Times decided to "start from scratch and try to uncover the main facts. The deeper we got, the more we found that made us think the schools are not so bad after all."

The findings are reported by Changing Times in an article titled "The Truth About Our Public Schools."

**CONTROVERSY AND RUMOR** — The heading of the article points out that the public schools are "not perfect. But they are much better than you think. Here are the facts to help you see through the fog of controversy and rumor."

After citing the fact that nine out of 10 of the nation's 30 million grammar and high school-age youngsters attend public schools, there is the warning that the public schools are "under the stormiest attack in their history."

Most of the trouble arises over charges that the schools "are failing in their job." The critics say that youngsters are not learning anything in the public schools, and that they are particularly deficient in reading, writing and arithmetic.

"In a nutshell, declare the assailants of the modern public school, today's youngster just hasn't a prayer of learning as much as his lucky parent did in the good old days."

"And, they warn, any conscientious father who wants his son or daughter to escape being an ignoramus will seriously consider sending him or her to private school."

The attacks upon the public schools system, attacks largely based in rumor and fostered by controversy, can be attributed in some measure to "a general climate of unrest suspicion and uneasiness" in the nation.

**THE OLD AND NEW**—Changing Times reports that unless your child is "the victim of some unfortunate exception" he is getting a better public school education than would have been possible before.

Modern schools, both grade and high school, are turning out a product superior to that of the past, and the magazine reports on school tests of years ago given today's students in various parts of the country.

"Except for spelling—which modern educators are going to have to admit is not up to the standard of former days—today's grade school children score as high as, and generally higher than, yesterday's kids on comparative tests."

The spelling weakness has been recognized for some time and there is a swing back to more intensive spelling study.

**SEE FOR YOURSELF**—The high schools are adequate with their programs to prepare young people for college and for life. Some youngsters, who may not plan to go on to college, take so-called "minor" courses that include woodworking, welding, typing.

Those who prepare for college are usually able to assemble the required number of admission units in English, languages, math, history and the sciences.

The College Entrance Examination Board, reports Kiplinger magazine, "finds no decline in the quality of the entering freshmen today when he is compared with the college freshman of a quarter of a century ago."

Three topflight eastern universities, Colgate, Yale and Harvard, reported that after the first semester or two "The public school boys tend to catch up to and out-strip the private school boys."

The magazine concludes with the admonition not to believe and repeat rumors concerning your schools. But if you have doubts about the educational program—visit the schools and consult the school officials and find out for yourself.

"The evidence indicates that public education today is the best it has ever been."

## The Doctor Says...

### Swelling in Joints Is Mild Form Of Arthritis

By EDWIN P. JORDAN M. D. — Written for NEA Service

A letter from Mrs. B. says that five years ago the end joints of the small fingers on each hand seemed to be getting larger. She says that she was told that this was a form of bone arthritis, but that since she had no pain or discomfort she has not worried about it too much.

Now, the same thing is starting in the end joints of some of the other fingers and she wonders if there is any way to arrest the spread of this condition. She says she is nearly fifty years old, and about ten pounds overweight.

**THIS IS REALLY** typical of a condition which is sometimes known as osteoarthritis, but which is really only a mild degeneration or wearing out of some of the structures which go to make the joints. It is a sort of aging process of the joints and occurs in the knees or hips about as often as in the fingers since these joints also get a great deal of work during life.

In the fingers the enlargements are called Heberden's nodes after the English physician who first described them. They are sometimes accompanied by a little stiffness and soreness, but this usually disappears after the joints have been loosened up.

**THE EXACT CAUSE** or causes of this condition are not entirely understood. The cartilage and bone of people in some families may be particularly susceptible to early degeneration or osteoarthritis. Repeated injury also seems to promote the

development of this condition. Poor posture, fatness, and disturbances of blood circulation, are other conditions which contribute to the development of osteoarthritis.

Because so many people with osteoarthritis are overweight, reducing is often advisable. This is especially important if the knees are involved. If they have to carry more weight than they are built for there will be too much wear and tear of the joints.

People with osteoarthritis are rarely incapacitated and can usually move around, though often with some discomfort. They do need frequent rest periods as this seems to relieve some of the stiff feeling.

**THE USE** of heat, massage or special supports depends on what joints are involved, the age and physical condition of the person and the severity of the condition.

The treatment of degenerative changes in the joints includes general measures aimed at relieving the discomfort and improving the over-all physical condition. Heat, bandaging, and other measures are also used. Occupational strains should be eliminated whenever possible and posture should be corrected.

Osteoarthritis is almost always a mild disorder which should be considered as an ailment rather than as a serious or dangerous disease. It does not cause serious crippling as some other forms of arthritis do.

# He Made 16,200 Trips To Statue Of Liberty But Was Never Inside

By HAL BOYLE  
NEW YORK (AP)—Capt. George Clancy has made 16,200 visits to the Statue of Liberty—and never yet been inside it.  
"Too busy," he says crisply. "Never get the time."  
For six years he has piloted a ferry boat from the battery to Bedloe's Island, bringing literally millions of visitors to America's greatest national shrine. The round trip is only about three miles, but in those years Clancy has journeyed almost twice the distance around the earth.  
Today gave Clancy the proud moment in his 46 years of liv-

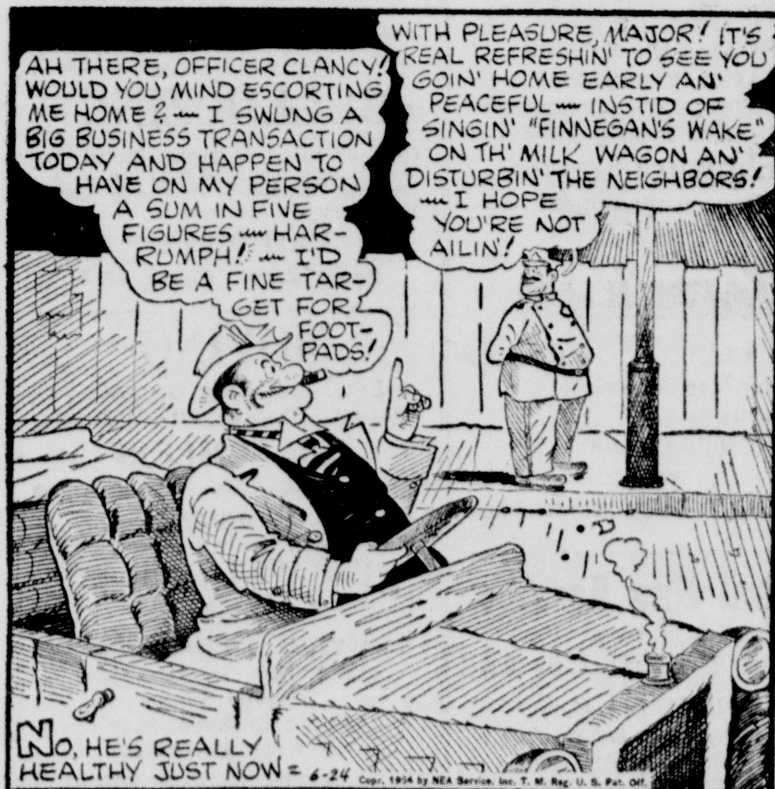

ing. He was at the helm of the "Miss Liberty," a new 460-ton excursion steamer, as she made her maiden trip through New York Harbor. The three-deck vessel, which will carry 750 passengers, was added to its fleet by the Circle Line Co. because of the growing popularity of the Statue of Liberty as a tourist mecca.  
Francis J. Barry, general manager of the Circle Line, said the \$400,000 "Miss Liberty" was the first excursion steamer of its type designed and built in the United States in the last 25 years.  
"I can't see how they could improve on her," said Clancy, patting the wheel as if it were a living thing.  
Clancy, a chipper little blue-eyed skipper 5-feet-5, weight 140, may be harbor-bound now, but he has quite a career to look back on. He was born in Fitchburg, Mass., and went to sea at 16.  
"I've had 11 years of deep water experience," he recalled. "I've been around the world three times, and hit about every country on the globe. I've sailed under four flags—American, Norwegian, British, and Honduran."  
Captain Clancy says his nine daily round trips never get monotonous, and he doesn't feel rut-bound.  
"You're too busy," he said.  
"This is the busiest harbor in the world, and you're crossing all the big liners going in and out. You don't have time to think of anything else."

## Auto Accident Victim Dies

George S. Meshigaud, 52, of Harris died at 12:45 last night in St. Francis Hospital as the result of injuries sustained in an automobile accident early last Monday morning.

The fatal accident occurred between Wilson and Harris on US-1 when he apparently lost control of his car and hit a culvert along the road.

He was born in 1902 and was a woodsman by trade working in the Harris area.

Meshigaud is survived by a son William, Ionia, two brothers, Herbert of Wilson and Lloyd of Harris, two sisters, Mrs. Isabella Rice, Detroit and Mrs. Louis Picard of Marquette.

The body is at the Anderson Funeral Home and funeral arrangements will be completed by tomorrow.

ment broadcast said the rebels had been repulsed and were fleeing toward Honduras.

Col. Castillo was reported to have moved his headquarters from Esquipulas, six miles north of the Honduran border, to a town near Chiquimula. This city is about 20 miles south of Zacapa, a key town on the vital railroad from Puerto Barrios and an obvious target of the invaders.

Newsmen who visited Castillo at Esquipulas earlier Wednesday said the rebel forces appeared bogged down for lack of transport. Castillo, himself, said heavy rains and a lack of organization in the first stages had been his main obstacles.

Castillo's headquarters claimed rebel planes had damaged ammunition dumps and other strategic points in the town of El Progreso, 35 miles northeast of the capital and also on the Puerto Barrios-Guatemala City railroad. Rebel spokesmen also claimed saboteurs were moving ahead of their forces, causing serious damage with dynamite blasts.

But government broadcasts heard in El Salvador claimed the "enemy" had been hurled back on all fronts and was fleeing toward the Honduran border in the Gualan, Morales and Puerto Barrios areas. They said loyal troops had begun mopping up scattered rebel groups that surrendered without resistance.

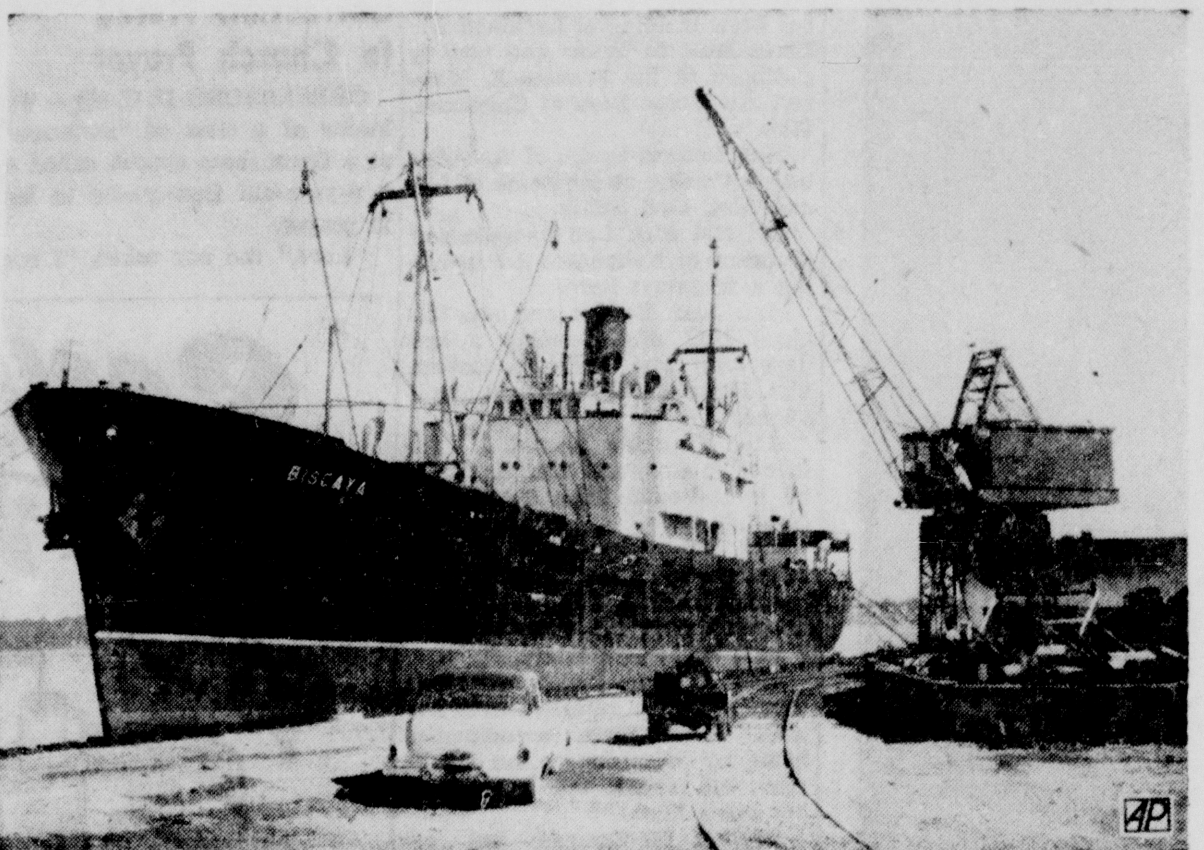

In Guatemala City, Associated Press Correspondent Jack Rutledge described the situation as calm. He said the army still claimed the government held complete control.

LARGE CUBAN VESSEL AT MUSKEGON — One of the largest ships ever to traverse the St. Lawrence canals, the Biscaya, a vessel of the Cuban-Great Lakes Lines, loads a shipment of the 100 tons of Michigan apple juice and furniture items at Muskegon. Apple juice mixed with rum has become a favorite drink in Havana. The Biscaya has a beam of 43 feet, which leaves only six inches on each side between the hull and the St. Lawrence lock walls. ## Hunt Goes On For 4 Lost In Plane On Crystal Falls Trip

CRAWFORDSVILLE, Ind. (AP)—A plane carrying four Indiana men is still the object of an extensive search over upper Wisconsin and Michigan.

Word was received here Wednesday that Paul Cullon, Frankfort, Ind., banker, was participating in the hunt in his private plane flown by Paul Schlundt.

The missing plane, owned and piloted by Stephen Buck of Bedford, left here Saturday with two Crawfordville men, Eli Demaree and Lloyd Lestwich, and Ed Parkham of Bedford as passengers. The destination was Crystal Falls in Michigan's upper peninsula.

The search is being conducted by the Air Force and the Civil Air patrol.

## Fishhook Left In Eye Of Milwaukee Boy, 12

MILWAUKEE (AP)—The fishhook lodged next to Roman Trzcinski's right eyeball will be left undisturbed for a while to see if nature will help in getting it out.

The 12-year old boy's physician decided Wednesday that the hook was too deeply imbedded in soft and delicate tissue in the eye socket next to the eyeball to be removed by a giant electromagnet at St. Luke's hospital.

The hook caught in Roman's eye Sunday when a fishing plug, cast by a friend, struck him in the face.

Doctors said the hook will be watched to see if it works out where it can be more easily removed.

Physicians said Roman is in no present danger of losing the sight of the eye.

## Piggy-Back Landing

SHAWNEE, Okla. (AP)—Two light planes landed simultaneously — one on top of the other — at the Shawnee Municipal Airport Wednesday night.

The pilot escaped with cuts and bruises. The planes were damaged heavily.

"If you ever had the world drop in on you, you know how I felt," said H. E. Reding, pilot of the plane on bottom.

## Eggs Hatch In Dump

STANDISH, Maine (AP)—A batch of eggs discarded at the town dump hatched out 41 chicks after baking in hot sunshine, caretaker Bert Chaplin reported.

Chaplin said Wednesday night the chicks appear to be flourishing.

## Wall Street

NEW YORK (AP)—Broad demand sent the stock market ahead today with prices at the best in the early afternoon.

Gains going to between one and two points were frequent in key areas of the list. Some sections were backward, but their losses never were more than fractional.

Trading was at a pace well past the two million mark. Wednesday's total was 2,090,000 shares.

General Electric, Wednesday's most active issue, flashed ahead strongly today after opening on 5,000 shares up 1/4 at 45 3/4.

Also higher were Motorola, Westinghouse Electric, General Dynamics, American Telephone, and Johns-Manville.

U. S. government bonds were narrow.

## Six Peninsula Cities Called To Conference On Water Pollution

LANSING (AP)—The State Water Resources Commission Wednesday called six Upper Peninsula communities into a conference preliminary to finding them in default of anti-pollution orders.

Officials of Munising, Manistique, Wakefield, Iron Mountain, Kingsford and Norway were asked to meet with the commission at its next meeting July 29 and 30 at Houghton.

The commission staff reported that all the communities have failed to meet deadlines set last year by the commission for setting up approved plans for sewage collection and treatment.

If the communities are found in default, the cases can be referred to the attorney general for enforcement of the orders in court.

The case of Standish was so turned over by the commission. The municipality was found in default at the April meeting and subsequent conferences have failed to bring action.

The commission called officials of Sandusky into a conference at the Aug. 26 meeting at Lansing in preparation for an order finding them in default for failing to meet anti-pollution deadlines.

The commission issued a permit to the Electro Metallurgical Co. of Sault Ste. Marie to dump wastes under strict limits and controls into a small stream emptying into the St. Marys River.

## Cuts Threatened In Foreign Aid

By RUSSEL BRINES

WASHINGTON (AP)—Some Republican congressmen today foresaw heavy sailing ahead for President Eisenhower's 3 1/2 billion dollar foreign aid program despite its approval virtually intact by the House Foreign Affairs Committee.

The committee scissored only seven million dollars from administration requests Wednesday in approving a \$3,470,608,000 ceiling for global assistance during the year beginning July 1.

Rep. Vorys (R-Ohio), a ranking member, termed the committee action a "vote of confidence in the President." The measure now goes to the House floor, probably Monday, and Vorys predicted that several members, including some committee members, would try to cut it. The Senate has not yet acted.

The President, in a special message to Congress Wednesday, called the program "essential" and said that, in the face of world tension, any cuts in it "would be unjustified and unsafe."

## Crooks Crack U. S. Safes In Germany; Net Around \$75,000

FRANKFURT, Germany (AP)—A gang of crooks is cracking U.S. Army safes in Germany at the rate of four a month and since last August has netted possibly \$75,000, the Overseas Weekly said today.

"In nearly all cases," the Weekly said, "the safes cracked were on Army property behind normal security precautions, including fences and armed guards. In three cases the thieves reportedly carted away the whole safe, taking it out of the military compounds past sentries."

## German Hero Jailed

TRAUNSTEIN, Germany (AP)—Lt. Gen. Theodor Tolsdorf, 44, Germany's youngest and most decorated general of World War II, was sentenced to 3 1/2 years in prison Wednesday for ordering a captain executed four days before Germany surrendered.

## Truman Mink Coat Employee Begins Prison Sentence

TALLAHASSEE, Fla. (AP)—E. Merl Young, who gained national attention during the "mink coat" investigations under President Truman's administration, began serving a sentence for perjury Tuesday in the federal correctional institution here.

The former Reconstruction Finance Corporation official was charged with lying to senators who investigated his mink coat buying and high financing. He is under an indeterminate sentence of four months to two years.

However, the judge who sentenced him recommended that Young be released after four months time.

Young, 39, surrendered to the U. S. marshal's office here to begin his sentence.

At his trial last year, the court was told Young and his wife owned a motel near Homestead, Fla., but were "heavily in debt."

While Young was a \$7,500 a year official with the RFC, his wife, Lauretta, was a stenographer on President Truman's White House staff.

Young left the RFC to take a high-salaried position as Washington representative of several firms.

## Red Cold War Has America Baffled

(Continued from Page One)

United States (Dulles), Britain (Eden), France (Bidault), Russia (Molotov) and China (Chou En-lai) began their conference April 26.

Dulles opened with a disaster. This was his publicly known failure, on the very eve of the conference, to get the British and French to join in united action in Indochina.

Rift With Allies

The French, according to reports, sought American intervention but Dulles balked without British help. The British didn't want to get into a shooting war before they had a chance to see whether the Indochina problem could be settled at Geneva.

Thus the conference opened with a split between the United States and its Allies. Dulles endured this setback just one week and came home. In his place he left Undersecretary Walter Bedell Smith. Smith came home this week in low spirits.

When the Vietnam crushed the French at Dien Bien Phu, the French threw out Premier Joseph Laniel and his Cabinet, including Bidault. They picked as the new Premier Pierre Mendes-France.

He took office in the midst of a

## Flexible Support For Farm Prices Voted Down, 8-7

WASHINGTON (AP)—The Senate Agriculture Committee today rejected the administration's flexible farm price support program by voting 8-7 to extend rigid supports for another year.

The action came after the group turned down 9-6 a proposed two-year extension of the mandatory supports on the basic crops: wheat, cotton, corn, rice, tobacco and peanuts.

Chairman Aiken (R-Vt.) predicted after the closed door session that the Senate would reverse the narrow committee decision in favor of the administration's flexible price support plan.

### Churches Preach Highway Safety

LANSING (P)—Gov. Williams has proclaimed next Sunday as Michigan Highway Safety Sunday, urging the churches to preach safety on that day.

Williams said, "If the accidents which occur daily on our highways are to be reduced in number, all of us who drive while on the highway must observe not only rules and regulations but such basic teachings of our several religions as the golden rule and the commandment 'though shalt not kill'."

The governor said the Berrien County Council of Churches and the Benton Harbor-St. Joseph Safety Council last year sponsored a Highway Safety Sunday.

Encouraged by the resulting reduction in local accidents, he said, the statewide observance is sponsored by those two organizations in cooperation with the Michigan Council of Churches, the Michigan Municipal League and the state police.

### Menonite Bible School

A weiner roast at the park closed the two week Bible school for the children of the Menonite church and a closing program was held June 18 at the church. The program consisted of singing by the children, directed by Emerson Bontrager, Scripture meditation and prayer by Rev. Willard Hendrich. Exercises by each class, a secretary's report by Laura Kropp, song by teachers trio and presentation of certificates and awards for perfect attendance. Teachers for the Bible school were as follows: Emerson Bontrager, superintendent; Nursery, Irene Yoder of Fairview; Kindergarten 2, Owen Gressler, Mio; Grade 3, Milder Bontrager, LaGrance, Ind.; Grade 4, Orpha Troyer, Rexton; Grade 5, Martha Keim, Goshen, Ind., and Grade 8, Emerson Bontrager, Grand Marais.

## Foreign Aid Cut Branded Unsafe

WASHINGTON (AP) — President Eisenhower said Wednesday any cuts in administration's proposed \$3,447,700,000 foreign aid program would be "unjustified and unsafe" in the light of "the continued ruthless drive of Communist imperialism for world domination."

In a special message to Congress, Eisenhower said in allusion to the Indochina War:

"Recent events in Southeast Asia have created grave uncertainty. The security of that region and the interests of the United States and its allies there are clearly endangered."

"It is, therefore, critically important that the Congress authorize the appropriation of funds needed to provide military and other assistance to this area and that authority be granted to adjust the use of these funds to rapidly changing conditions."

Eisenhower's message came as the House Foreign Affairs Committee moved toward a possible final decision on how much should be recommended for foreign aid in the fiscal year beginning July 1.

## Name Of Roosevelt Erased In VA Item Due To GOP Protests

By ROWLAND EVANS JR.  
WASHINGTON (AP) — A friendly reference to the late Franklin D. Roosevelt was deleted from a government news release this week after some Republicans raised angry cries.

It happened when the Veterans Administration issued a statement taking note of the 10th anniversary of the GI Bill of Rights.

The release, as it first appeared, read this way:

"The law, signed by President Franklin D. Roosevelt on June 22, 1944, contained three major benefits . . . On signing the GI Bill in 1944, the President said . . ."

A second installment shortly appeared, reading this way:

"The bill, signed into law June 22, 1944, contained three major benefits . . . On signing the GI Bill in 1944, the White House said . . ."

Gone was any reference to the World War II Democratic President.

"Unbelievable pettifoggery," Sen. Hill (D-Ala.) commented today. "It shows that many people fear the mighty Franklin Roosevelt."

## Power From Sun

DETROIT (AP) — Bell Laboratories Tuesday demonstrated a new sun-powered battery to newsmen and Michigan Bell telephone Co. employees. The battery developed enough power to run a pocket-sized radio. The battery uses silicon crystals in which are embedded atoms of boron and arsenic. The sun's rays start a leapfrog action of electrons along the strips, giving electric power at the end of the strip. The strips do not wear out.

### Adris M. Nelson And Dr. Knospe Wed In Chicago

Mr. and Mrs. Andrew A. Nelson-1001 Lake Shore Drive, Escanaba, announce the marriage of their daughter, Adris Marie, to Dr. William Knospe of Chicago, son of Mr. and Mrs. William Knospe, at a 10 a. m. nuptial ceremony at St. Chrysostom's Episcopal Church, Chicago, Saturday, June 19.

The bride, who was given in marriage by her father, wore a full length gown of white embroidered organdy. It was fashioned with a fitted bodice, short sleeves and a jewel neckline. Her Juliet cap, made of chantilly lace, held the short French illusion net veil. She carried a white prayer book covered with a spray of white carnations.

Both her matron of honor, Mrs. John Clark of Chicago, and her bridesmaid, Mrs. Drew Dyer of Milwaukee, were attired in ballerina length printed organdy dresses. Their blue hats and floral bouquets repeated the blue pattern in their gowns.

Mrs. Nelson, attended her daughter's wedding in a dove blue lace dress with pink accessories. The mother of the bridegroom wore a beige shantung silk dress with light blue accessories. Both mothers wore corsages of pink tea roses.

Dr. Knospe's best man was John Stewart of Chicago, while ushering the guests to their seats were Dr. William Metcalf and Dr. Thomas Hanson, classmates of the bridegroom.

A reception for 75 guests was held at a bit of Sweden.

Following a two weeks vacation trip through the Smoky Mountains, Dr. and Mrs. Knospe will reside in Syracuse, N. Y., where Dr. Knospe is affiliated with the University of Syracuse.

### Social-Club Rummage Sale Planned

A rummage sale for the benefit of the Pentecostal Church will be held at 230 Stephenson Ave., Wednesday, June 30, beginning at 10 a. m.

WOMEN GOLFERS are resting after completing a round of golf at the Highland Golf Club yesterday afternoon. The Highland invitational

### D. Of I. Committee Members Announced

Committee members for the desert bridge party being held Monday, June 28, at St. George's Church, Bark River, by the Daughters of Isabella, Trinity Circle 362, have been announced.

Chairman for the event will be Mrs. I. R. Nelson, and Mrs. Joseph Gaudrault is the co-chairman. Assisting them will be Mrs. Ed Meyers, Mrs. William LaVigne, Mrs. Bert Paquette, Mrs. Dan La-

vesque, Mrs. William Peltier, Mrs. Norman Niquette, Mrs. Joseph Potvin, Mrs. Louis Sabourin, Mrs. Ed Taylor, Mrs. Carl Huss, Mrs. Ben Douglas, Mrs. Henry VanEckert, Mrs. Leo Brunelle and Mrs. John Gauthier.

All reservations for the party must be made by June 25.

If you are planning a vacation trip, whether by plane, train or bus, tag each piece of luggage for easy identification. It will save you time and annoyance.

### Marie Strucel, J. R. Sullivan Exchange Vows

St. Joseph's Catholic Church at Calumet, Mich., was the setting for the marriage of Miss Marie Julia Strucel, daughter of Mr. and Mrs. Joseph Strucel of Laurium, and Joseph Robert Sullivan, son of Mrs. Margaret Sullivan, 330 S. 12th St., Saturday, June 19. Rev. Kichak officiated at the 10 a. m. nuptial High Mass.

Preceding the Mass, John Calo of Iron Mountain, a senior vocal major at Northern Michigan College of Education, sang "On This Day O Beautiful Mother." The St. Joseph choir and Mr. Calo sang the High Mass. White gladioli adorned the altar.

The bride, who was given in marriage by her father, wore a gown of white slipper satin trimmed with chantilly lace. She carried a cresent shape bouquet of white roses and lilies of the valley.

Her bridal attendants, Mrs. Walter Rowney of Iron River, sister of the bride, who acted as matron of honor, and Miss Joan Corbett, Escanaba, college roommate, as bridesmaid, were attired in identical gowns of blue nylon tulle trimmed with nylon lace. They carried cresent shape bouquets of yellow and white daisies with lilies of the valley. The flower girl, Beth Marie Rowney, the bride's niece, wore a pink nylon tulle gown styled identical to the other attendants.

Brother of the bridegroom, William Sullivan of Detroit, served as the best man. Ushering the guests to their seats were Peter Strucel, Laurium, brother of the bride, and Robert Meehan, Green Bay.

Mrs. Joseph Strucel attended her daughter's wedding in a grey print dress with white accessories. Her corsage was pink carnations. The bridegroom's mother, Mrs. Margaret Sullivan, was attired in a pink lace dress with white accessories. She wore a corsage of white carnations.

Immediately following the ceremony, a wedding breakfast was served at the American Legion Club rooms in Laurium for members of the bridal party, relatives and friends. A reception was held from 3 p. m. to 5 p. m. in the club rooms.

The newlyweds will reside at

Ft. Leonard Wood, Mo., until September when Mr. Sullivan will complete his studies at Northern Michigan College of Education, Marquette. Mr. Sullivan is serving with the U. S. Army. He is a graduate of St. Joseph's High School, Escanaba, and attended St. Norbert's College, Green Bay, and Northern. The bride is a graduate of Sacred Heart High School, Laurium, and attended Michigan College of Mining and Technology at Sault Ste. Marie and Northern. She is a member of the Beta Omega Tau Sorority at Northern.

Out-of-town wedding guests were Mrs. Margaret Sullivan, Dr. M. S. Sullivan, Miss Joan Corbett, Catherine Sullivan and Belle Bowdette, Escanaba; Mr. and Mrs. William Sullivan, Mr. and Mrs. Robert H. Ladd and daughter, Al Irin, P. T. Sullivan and Miss Betty Sullivan, Detroit; Robert Meehan, Green Bay; Mr. and Mrs. Walter Rowney and family and Mrs. Earl Williams, Iron River; Cpl. J. P. Strucel of Ft. Lewis, Wash.; Mrs. Louis Patek, Chicago, and John R. Calo of Iron Mountain and John Major of Houghton.

### First Communion Will Be Given At Schaffer Sunday

SCHAFER—Three weeks of summer school will end Friday for the children of Sacred Heart Parish. The youngest group will make their first Holy Communion next Sunday at the 8 a. m. mass.

Following is the class: Gary and Shirley Anderson, Julie Ann and Richard Butryn, Ethel Charbonneau, Kathy Desjardin, David and Lawrence Guenette, Benny Herioux, Allan Hurtubise, Carol Koslowski, Ronald LaMarche, Linda Langtane, Patsy LaVigne, Rosemary Levesque, Joseph Picard, James Potvin, Joann Savage, Winifred Tourangeau, and William Williams.

Steve Martin was admitted to St. Francis Hospital Sunday.

Mrs. Victor Auger left Friday for Chicago where she will receive medical treatment.

Mr. and Mrs. Joe Butryn and family visited relatives in Marquette over the weekend. Sandra and Maxine Nelson accompanied the Butryns here to spend a week.

More people get more news from newspapers than from all other sources combined.

VOWS WERE REPEATED by Miss Jeanette Mary Deloria of Nahma and Wilbur Victor Oman Jr. of Escanaba in a double ring ceremony at St. Andrew's Catholic Church in Nahma. The bride is a daughter of Mr. and Mrs. Antoine Deloria. The afternoon reception was held at the Civic Center. (Portrait by Millie)

## Guardsmen Lose To Paper Mill 8-7

Paper Mill scored two runs in the last of the sixth inning to break a 6-6 deadlock and top National Guard, 8-7, in the only City Softball League fray Wednesday evening at the new stadium.

Addy Boyd led off the sixth with a scorcher that proved too difficult for Warren Wilson to handle at third base. Boyd advanced on a hit to right field by John Lehman and scored on Cliff Lambert's blast past third. Herb Calhoun drove Lambert home for the winning marker.

National Guard drove back for one tally in the seventh but could not score the tying marker though two men reached base. Frank Rochefort opened the stanza with a single to right and advanced on Bill Seales' hit. Rochefort scored after a sacrifice and a fly.

Paper Mill had amassed one in the first and three in the third before evening the count with two rallies in the fifth off losing pitcher Edward Doyle.

The Guardsmen knocked Jimmy Gouin for four markers in the third and two in the fourth before finally succumbing.

## Circuit Court Ends, Case To Be Decided

Taking the defense attorney's motion for dismissal under advisement and reserving decision in the "discovery proceedings" of Jack Ley vs. L. E. Wilson, et al, Judge Richard W. Nebel Wednesday closed the June sessions of the Schoolcraft County circuit court after hearing three days of testimony.

Two criminal cases were continued to the September sitting of the court in other action Wednesday. The People vs. Warren Duane Coon, 17, was postponed by Judge Nebel. Coon, apprehended for breaking and entering on March 10, 1954, has been in the County jail since that time. A Flint resident, Coon was arrested for stealing guns from two resorts. He remains in jail.

Also continued to the September sitting of the circuit court was the People vs. Peggy Beaudry and George Hruska. The defendants were accused of "obtaining money under false pretenses" from Herbert Wood and Hood, attorneys. They were charged with defrauding the firm to the extent of \$239.

With the plaintiff's counsel, William Hood, attempting to ascertain the nature and extent of Wilson's assets, the civil suit heard nearly all sides of the question as Wilson occupied the witness stand the better part of the day. Hood was endeavoring to discover and demonstrate that the defendant had the means to execute a judgment obtained against himself in December. The judgment awarded Ley, a Muskegon automobile dealer, claims for \$2,496.97.

Hood urged the court to appoint a receiver for Wilson's interests in Wilson Motors of Manistique. The plaintiff's attorney backed his desire for receivership on the grounds that even after Wilson had purported to have transferred the business to his son, Jack, Wilson had retained an interest in the concern.

Pointing to the filing of a notarized statement "of conducting business under an assumed name" after Wilson had transferred the company, Hood also attempted to prove that Wilson's money had gone into the business after the July, 1953, transfer. The lawyer cited the 1944 State Supreme Court case of Farrell vs. Paulus as a basis for needed "close scrutiny" of family transactions, as in the Ley-Wilson suit.

George S. Baldwin, counsel for the defense, countered Hood's assertions and tried to prove that the defendant was deeply in debt and had not the means by which to execute the judgment. He also attempted to demonstrate that there were no hidden assets.

Baldwin also desired to know "what will the receivership operate on?" in reference to Hood's demand for such an action. There was "no property to receive" Baldwin believed. In relation to Wilson's payment of debts with the \$17,390 government reward obtained May 4, 1954, Baldwin claimed that "a debtor can prefer a creditor in the state of Michigan."

During the entire morning Hood questioned Wilson as to various transactions and transfers of property since Wilson started working for Lundstrom Motor Sales, Manistique, in 1948. The attorney then pursued the defendant's dealings since he started Wilson Motors in 1949. Hood probed about former property in Traverse City, assets of Wilson Motors and accounts receivable to that business.

The main desire of the civil suit, said Hood, was "for the purpose of finding out, with particularity, the disposition of a large sum of money received from the government." That money was a reward resulting from income tax proceedings here in 1949. Wilson asserted that he had not attempted to conceal the disbursement of this money. He testified that he gave substantial portions of the \$17,390 to his son Jack and his wife, but eventually used all of the reward to pay outstanding or current debts.

The plaintiff's counsel also accused Wilson of contradicting sworn pleading and testimony about his interest in Wilson Motors and about his use of the government funds. It was admitted by the defendant that sales taxes, owed to the state for automobiles sold in 1953, were not paid until the first quarter of 1954.

Continuing his summation, Hood believed "If the \$17,390 cannot be accounted for, it is concealed, and this court has the power to declare concealed funds and that this debt (to Ley) should be paid." If payment would not be made, Hood said, the defendant should be jailed for contempt of court. Any transfer of funds to Wilson Motors after July, 1953, was defrauding Wilson's creditors, Hood asserted.

Baldwin differed with Hood and thought that his client was not in contempt of court, "because he made a fair disclosure" of funds. The defense counsel also tried to demonstrate that Wilson has about \$27,000 in outstanding debts at the present time.

Judge Nebel ordered the plaintiff to file a brief within 15 days and the defense to file an answering brief within the following 15 days. A decision will be rendered sometime after the next 30 days.

## Committee Has Report Of Welfare Supervisor

Maria Tracey, county welfare supervisor Wednesday discussed the affairs of her department before the county welfare committee and the chairman of the county finance committee at the County Court House in Manistique. Her report was a preliminary to the Monday meeting of the Schoolcraft County Board of Supervisors.

William G. Stephens, chairman, of Manistique; and William Davidson, Doyle; William Garvin, Manistique; Ernest Hoholik, Thompson; and Ijal Lake, Hiawatha, heard Miss Tracey's report. A. W. Heitman, Manistique, chairman of the county finance group, also attended the session.

### WILLIAM FARR

Funeral services for William Parrish, who died in an auto accident at Cooks on Sunday, were held 2 p. m., Wednesday at the Messier-Broullire Funeral Home with the Rev. Beryl Mohr, pastor of the Seventh-day Adventist Church, officiating.

During the services Mrs. Julius Settergren sang "Beyond the Sunset" and "Nearer My God to Thee." She was accompanied at the organ by Mrs. Scott Creighton.

Pallbearers were Donald Carley, Lawrence Carley, Arthur Demers, Wilfred Johnson, Frederick Popour and Charles Reid.

Burial was made in the Cooks cemetery.

## Munising Man Leaves Schoolcraft Hospital

Patrick Trenton, treated since a Sunday morning accident for a fracture of the front-part of his skull, was released Wednesday from Schoolcraft Memorial Hospital. He had been a passenger in a car, driven by Kenneth Robert King, that swerved to avoid a deer and hit a tree after rolling over.

Still in "critical" condition at the hospital was Frank Gentilini, also injured in the mishap. According to hospital authorities it is not yet known whether Gentilini's spinal cord is bruised or broken. He is suffering from a paralysis from the shoulder down and fractures of the collar bone and shoulder. Except for bruises King was uninjured in the accident. All three are from Munising.

## Three Forfeit Bonds In City Court Action, Two Receive Sentences

Three out-of-state residents forfeited \$10 bonds in Justice Court action Wednesday. Judge Edward J. Doyle revealed. The judge left for Petoskey today and will be gone until Monday. He is attending a state justices of the peace convention.

Morris Sharp of Ingersoll, Ont., had been speeding his truck through the city on U. S. Route 2 when apprehended June 10. Another Canadian, John Schulte of Edmonton Alta., had been fined for "failure to yield the right of way," May 28.

The third forfeiter was Polly C. Blackmore, Verona, Wis. She failed to "have her vehicle under control" at the Arbutus Ave., and Maple St., intersection. She was apprehended June 11.

An Indianapolis, Ind., physician, P. T. Sorenson, paid \$25 and \$5 costs for "malicious destruction of property" in another Wednesday action. He was ordered to make a restitution for the property destroyed.

Fined \$3 and \$2 costs was Mary Davis Lieber of Cheboygan. She was arrested for improper use of dealers' plates.

## New Offer On Bonds Accepted

A guarantee bid for the \$2,200,000 issue of light plant bonds submitted by Juran and Moody, St. Paul, was accepted Monday evening by the Gladstone City Commission after the bid submitted by H. V. Sattley and Co., was formally withdrawn.

The Juran and Moody firm submitted an interest rate of 3.69 per cent and their offer, as in the case of the Sattley bid, was conditioned upon a favorable report on the feasibility of the project by Duff and Phelps, Chicago, consulting engineers.

Juran and Moody last week had authorized a survey by this firm and Ed Manson, Duff and Phelps field representative, spent the weekend in Gladstone conducting the work.

Yesterday City Manager H. J. Henriksen received word that the report of Duff and Phelps was very satisfactory and that the guaranteed bid submitted earlier in the week was in full force and effect.

A certified check in the amount of \$44,000 was received from the firm as evidence of good faith.

General terms of the guaranteed bid have been approved by Miller, Canfield, Paddock and Stone, Detroit, bond counsel for the City.

This allows the city to immediately seek bids on the building construction.

## '29 Class Will Hold Reunion

The 25th year reunion of the Gladstone High School Class of 1929 will be held at the Gladstone Golf Club on the evening of Saturday, July 3.

A cocktail hour will be held from 5 to 6 with serving of dinner at 6.

Speaker of the evening will be Lt. Col. George Cameron, Air Force Chaplain who is stationed at Hamilton Field, Hamilton, Calif. He is a member of the Class of '29 and a son of Mrs. Cameron-Smith and brother of Wallace C. and Percy Cameron of Gladstone.

The after dinner program will be followed by a social.

## Swim Classes To Start On Monday

Swimming instructions will be given at the Gladstone beach beginning Monday, it was announced yesterday by Elmer Peterson, head lifeguard.

Miss Ann Sword will be in charge of the classes.

Instruction will be given each afternoon at 2 instead of in the morning as in past years. Classes will be held daily except for Saturday and Sunday.

Classes will be arranged for children from 6 years and up and there also will be different classes for swimmers and non-swimmers.

**TRAFFIC JAM**—Safe boat handling and non-swimmer life-saving instruction, was given to a group of youngsters Wednesday afternoon at the Gladstone boat harbor by Recreation Director Don Pfothner. At the conclusion of the

class, a group of rowboat races were held in several age classifications. This jam developed at the start of the race for 7 to 10 year olds. (Daily Press Photo)

## Many Participate In Water Safety Class

A youthful and enthusiastic group attended the class in safe boat handling and life saving conducted Wednesday afternoon at the Gladstone boat harbor by Recreation Director Don Pfothner.

In lifesaving by non-swimmers the use of a stick or plank was shown, how to use clothes, rope, a ring buoy, a boat or oar, the wading rescue, by arm or leg from shore. Swimming should be used as a last resort. The chain method in finding someone lost in shallow water was also demonstrated.

In respect to boating the children were told to hold steady in a boat if someone is getting in, and not to shove it to start if someone is in it and not expecting the shove at the time; not to stand up in a boat; never to overload, 6 inches of freeboard should be maintained; if caught in a storm to turn back to waves and ride it in; when a paddle or oar is lost how to retrieve; if one falls out of boat to stay with it and hang on. If the boat fills with water, sit in it for it will not sink. Life jackets are essential for non-swimmers.

**Boat Races**  
Rowing instruction was also given and races concluded the instruction.

In the 7 to 10 group the winners were Charles Strom and Keith Aicher with Terry Domres and Pete Klinck and Roy Butler and Jack Radicker tied for second.

Winners in the 11 to 13 year group were Timmy Bolger and Elmer Holm Jr., with Dick Van-

Damme and Roger Ebbeson second.

Others entered in the youngest classification were Dan Ryan, Tom Domres, Charles Borden, Jim Ridings, Gary Kircher, Gerald Smith, Dick Balding, Rick Ebbeson, Dave Sundblad, Gerald Dillabough and Duane Smith.

Entrants other than the winners in the older group were Tom McPherson, Jerry Ebbeson, Jack Shiner, Mike Hammond, Gary LaPlant, Tom Butch, Bert Sinclair, Roger Cassells, John Grenier, Dennis Wilbee, Fran Mineau, Terry Anderson, Dave Wickman, Alvin Anderson, Gerald Clark, Jim Schram and Dave McPherson.

First and second place winners in the races were awarded ribbons as mementoes of their accomplishments. Candy bars were given to all contestants.

Girls participating were Janet Long and Judy Schmidt.

Assisting Mr. Pfothner in conducting the evening were Elmer Peterson, head lifeguard,

Charles Lash, Max Peterson, John Greene, Tom Sepic, Charles Burton, Charles Farrell and Jim Farrell.

### City Briefs

Mr. and Mrs. Lawrence Johnson and daughter, Bunnie, are leaving this weekend for a 2 or 3 week motor trip through Yellowstone National Park. During Mr. Johnson's absence, duties at the Railway Express office will be handled by Napoleon LaChapelle, of Escanaba.

### CARD OF THANKS

We wish to express our sincere thanks to friends and relatives for the assistance and sympathy tendered us at the time of our recent bereavement, the death of our beloved husband and father, Joseph Fish.

Especially are we grateful to those who sent spiritual and floral bouquets, offered autos for the services, the pallbearers, the Brotherhood of Railway Trainmen and all others who by word or deed assisted us at this time. The memory of these acts always will remain with us.

Signed:

## Betty Ann Sigan Is June Bride Of Joseph Jezisek

Miss Betty Ann Sigan, daughter of Mr. Nick Sigan of Sand River and Gladstone, and Joseph Jezisek, of Harbor Springs, son of Mr. John Jezisek of Albion, spoke their nuptial vows on Saturday afternoon, June 19, at the First Lutheran Church in Gladstone. The single ring ceremony was read at 3:30 by Rev. Gustav Lund, pastor of the Bethany Lutheran Church of Escanaba.

Lighted candelabra and bouquets of lavender peonies were placed at either side of the church altar. Music of the ceremony was played by Robert Kee on the Sigan Memorial Organ.

The bride, given in marriage by her father, wore a floor length gown of hand clipped chantilly lace over blush pink satin styled with a scalloped portrait neckline, basque bodice and short sleeves with lace gauntlets. The bouffant lace skirt was fashioned with tiers of pleated nylon tulle cascading down the back to form a small train. The veil of pure silk illusion caught up on a lace cap accented by seed pearls and sequins completed the bridal outfit. She carried a colonial bouquet of white pompons centered with shell pink tea roses. The bouquet was enclosed in an arrangement of white lace with white satin streamers knotted with sprigs of lily of the valley.

The bridal attendants were the bride's sister, Mrs. Lee M. Cecil, San Francisco, Calif., as matron of honor, and the misses Agnes Cannon, Minneapolis, Alice Dunsmore and Yvonne Lierman, City, as bridesmaids. They wore like gowns of all white nylon tulle designed with softly draped Grecian necklines, shirred bodices and full street length skirts. Shell pink bandeau headresses and matching satin slippers completed their attire. They carried wedding ring bouquets of colored daisies wired to pink satin wedding rings.

Mr. Ralph Klein, of Albion, a close friend of the groom, was best man. Ushers were James Price, Whitehall, Mich., a friend of the bridegroom and the bride's two brothers, Jack of Minneapolis and Howard of Grand Marais.

A reception, with over 200 guests attending, was held from 4:30 until 6:00 at the Gladstone Yacht club. The wedding cake consisting of two layers, had the second layer designed like the bride's bouquet. The Misses Joan Hanson, Escanaba, and Patsy Larson, Days River, cousins of the bride cut the cake and the Misses Joan and Gloria Larson, Sand River, also the bride's cousins, poured.

The young couple left on a wedding trip to Copper Harbor. For going away, the bride chose a deep grey glazed cotton princess style dress, fashioned with a boat neckline and trimmed with white pique. White accessories completed her ensemble.

The bride is a graduate of Gladstone High School and Michigan State College where she received her B.A. degree. She studied at the University of Minnesota for her M.A. degree.

The bridegroom is a graduate of Albion High School, Olivet College, Juillard School of Music, N. Y., and Michigan State College. They will make their home in Harbor Springs, Mich., where both the bride and bridegroom teach school.

The rehearsal dinner was held Friday evening at the House of Ludington.

Out of town guests attending the wedding were, John Jezisek and Mrs. Ralph Klein, Albion, Mich.; Mr. and Mrs. Jack Sigan, Minneapolis; Mr. and Mrs. Howard Sigan, Mr. and Mrs. Jack Hillman, Grand Marais; Mr. and Mrs. Joseph Thibault, Rhinelander; Mr. and Mrs. Francis Krout, Appleton; Mr. and Mrs. Walter Chojnowski, Marquette; Mr. and Mrs. Robert Wickman, Chicago; Mr. and Mrs. William Larson, Sand River; Mr. and Mrs. Jack Ridings, Sault Ste. # Merchants Trip Northland 6-3 To Cement American Loop Lead

The Merchants cemented first place in the American League standings last night by turning back a Northland Bread challenge, 6-3, in a game highlighted by the first ball belted over the outfield fence in the 1954 season.

Bobby Anderson, first baseman for the Merchants, slammed the homer over the left field fence with none on in the top of the seventh for an insurance run. It was the first ball to clear the fence at Memorial Field this year, in league or exhibition play.

**Tosses Four-Hitter**

With Leo Lancour firing four-hit ball at the Breads, the Merchants teed off on Ken Dufresne for 10 hits, including triples by Ed Gauthier and Leo Lancour. Lancour's two-out triple scored brother Harry with a key run.

The Merchants jumped out to a 3-0 lead in the first inning and the Breads were unable to over-

# Vicki Beck Winner In Invitational Tourney

Vicki Beck of the host Highland Club won low net honors and tied for low gross in the Upper Peninsula women's invitational tournament held yesterday.

Tied with Jean Thomsen of Marquette with 103 for the low gross score for the day, the Highland golfer lost on a cut of the cards. Her net was lowest of all 84 golfers, from eight clubs, competing in the affair.

In the nine-hole event, Evelyn Lemmer of the Escanaba Club scored 65 for low gross and Blanche Christie of Highland shot 48 for low net.

In mystery prizes, Charlotte Harvey of Escanaba Club was closest to the pin on No. 5, Millie Boyce of Escanaba Club had the longest drive on No. 7 and Marge Durkin of Highland was high on No. 4.

Following are the winners from each club competing:

Marquette—Pete Bergstadt low gross, 104; R. Moffitt, low net, 82.

Menominee—Mid Fredholm low gross, 108.

Madge Gouty low net, 80.

Highland—Gladys Hansen low gross, 110; Irene Milkovich low net, 81.

Escanaba—Bill Wohlert low gross, 114; Doris Swanson low net, 95.

Norway—Lila Jandrey low gross, 114; C. Rentmaster, low net, 94.

Marquette—Rosella Nault low gross, 116; Ad Amidon low net, 81.

Gladstone—Jane Empson low gross, 117; Tillie Cannon low net, 91.

Munising—Lois Rumohr low gross, 134; Thelma Bakum low net, 98.

# Furgol's Open Win Amazes Golf World

(Last in a series)

**By WILL GRIMSLEY**

NEW YORK (AP)—"How in the world did he do it?" golf fans asked after Ed Furgol, with a withered left arm, won the National Open championship, the sport's greatest prize, at Baltusrol last week-end.

"It will force the re-writing of all golf instructional manuals," remarked one authority, recalling that one of the basic fundamentals of the highly-specialized golf swing is a straight left arm.

Because of a childhood accident, Furgol's left arm is bent at a near 45-degree angle and permanently locked at the elbow. It is ten inches shorter than his right.

**Strong Left Hand**

Furgol, through perseverance, developed strength in his left hand and forearm. There wasn't much

he could do about his arm above the elbow, which remained shrunken and not much bigger than a driver's shaft.

"The golf swing is a matter of whipping the club-head through the ball with the hands," Furgol said. "The left hand is the guiding hand. The right hand gives it the power."

Furgol is not a "freak" champion. He has an average of 71.4 strokes per round. He rates with the longest drivers in golf and his iron game is very sound. His putting, by his own admission, is the weakest link in his game.

**Plays Very Fast**

Furgol is deadly serious, plotting every shot, but he plays extremely fast, frequently outwalking his partner, the officials and the crowd. He seldom speaks.

A hint of his temperament and supreme confidence may be found in his answer to a question put to him after he had won the open.

"Were you playing (Ben) Hogan?" somebody asked.

"Heck, No," replied Furgol. "I was playing myself."

**Pirates Stop Haddix String**

**By GIB STALEY**

PITTSBURGH (AP)—Harvey Haddix, St. Louis Cardinal southpaw who's leading the majors with 12 victories, said today he isn't disappointed because he lost his bid for a fourth consecutive shutout by an eyelash.

"I just want to win 'em all," Haddix explained after his sparkling 7-1 victory over the Pittsburgh Pirates Wednesday night. "We won, didn't we?"

Haddix allowed only five hits to the last place Pirates as he hurled his 10th consecutive victory. The last time he was defeated, his third of the season, was by the Pirates April 29.

Dick Cole tripled in the sixth and scored on an infield out to mark the first run tallied against Haddix in 37 consecutive innings.

The record of 46 1-3 consecutive scoreless innings was set by Carl Hubbell, ex-New York Giant pitcher. The National League record of four consecutive shutouts is held by several pitchers.

Haddix led the league in shutouts last season, getting six while compiling a 20-9 won-lost record.

**SPORTS IN BRIEF**

(By The Associated Press)

Wimbledon, Eng.—Top seed Tony Trabert, defending champion Vic Seixas and six other Americans won second-round matches in the All-England tennis tournament.

Greensboro, N. C.—Medalist Marlene Gesell of Minnesota easily beat Judy Blicke of Ohio State 7 and 5 in the opening round of the NCAA women's golf tournament.

Brooklyn—John Podres, Brooklyn Dodgers pitcher, underwent an emergency operation for appendicitis.

**Stops Giants' Late Threat Last Night**

**By BEN PHILEGAR**  
**AP Sports Writer**

Dave Jolly is the Milwaukee Braves' "saver," the pitcher who gets the call when the going is the toughest. He has the special job of protecting leads in late innings.

The lean righthander, in his second full term in the majors after seven years in the minors, so far has been in 23 games.

In 36 innings Jolly has given up only 23 hits and 4 earned runs for a sparkling earned run average of 1.00. His personal record shows four victories and two defeats. One of his most spectacular performances came Wednesday in Milwaukee's 5-2 triumph over the New York Giants.

**Wilson In Trouble**

Jim (No-Hit) Wilson sailed into the last of the ninth with a three run edge en route to his fourth straight victory. But the Giants got rid of Wilson with successive singles by Monte Irvin and Don Mueller.

With the dangerous Willie Mays at bat, Jolly stroled to the rescue. He worked the count to 2-2 on Mays, who had homered earlier, before hitting him in the back to fill the bases.

Then Jolly applied the pressure. Pinch hitter Hank Thompson lofted a short fly Wes Westrum fouled out. And Bobby Hofman, who has hit three pinch hit home runs this season, popped up in front of the plate to end the threat.

**Dodgers Close Gap**

Brooklyn took advantage of Milwaukee's success and cut the Giants' first place margin to a single game by beating Cincinnati 6-3. St. Louis defeated Pittsburgh 7-1 as Harvey Haddix won his 12th game. Philadelphia whipped Chicago 5-3.

In other games Gladstone will be at Fayette and Garden will travel to Rapid River.

## Bears Blank Munising On Camps' Two-Hitter

The Escanaba Bears ran their victory string to four last night at Munising, handing the Upper Peninsula League team a 5-0 shutout with Charlie Camps fashioning a two-hitter and fanning an even dozen batsmen.

The Bears, led by Bill Maycunich with two singles and a double, collected six hits off Ed Wienberg who fanned 10 and walked eight for Munising. Camps issued only one free pass to first base.

Outstanding outfield plays by Barney Millette and Byron Lindstrom stopped Munising threats at several points in the game.

The Bears will play Bark River at the Escanaba City Diamond next Wednesday night.

# Recreation Baseball Leagues Open Monday

League play in the Recreation Baseball program will begin Monday, June 28 under direction of Pete Kutches of the recreation department, it was announced by Art Petersen, city recreation director.

All league games in Beginners League, Junior League and Cadet League will be played at the Little League diamond this year. Baseball instruction will also be given at the diamond each day for the boys.

Nine teams have been organized in the three leagues, with 160 youngsters registered to play.

The Beginners League is a farm system for the Little League and players will wear uniforms, donated by the Jaycee Little League, only at league games.

Following is the weekly schedule at the field:

Monday—Instruction for Beginners, 9. Junior League game, 1:00

Tuesday—Beginners game, 9 and 10:30. Cadet League game, 1:00.

Wednesday—Instruction for Beginners, 9. Junior League game, 1:00.

Thursday—Beginners games, 9 and 10:30. Cadet League game, 1:00.

Friday—Instruction for Junior and Cadet Leagues, 9. Junior League game, 1:00.

In the Beginners League, for boys 5 to 10, the first week's schedule follows:

June 29—Lions vs. St. Joe 9; Rotary vs. Kiwanis 10:30.

July 1—Lions vs. Rotary 9; Kiwanis vs. St. Joe 10:30.

In the Cadet League, for boys 8 to 11, all games will be played on Monday, Wednesday and Friday at 1. On Mondays, Kiddie Corner will play Budingers; on Tuesdays, Kiddie Corner will play Scott Dairy; on Fridays, Budingers will play Scott Dairy.

In the Cadet League, for boys 11 through 15, Coca Cola plays Delta Insurance at 1 each Tuesday and Thursday.

Schedules will be carried throughout the season with rained out games played at the close of the season.

# Toski Heads Field In Golf Tournament

WETHERSFIELD, Conn. (AP)—Big time golf comes to Connecticut today as 162 pros and amateurs start play in the \$15,000 Insurance City Open, a four-day tournament.

The field, headed by Bob Toski of Livingston, N. J., who won the event last year with a 15-under-par 269, will be cut to the 60 low players and ties after Friday's round.

Lemon accounted for all of the Indian runs.

Chicago wasted a five-run first inning lead but finally beat Washington on Sherm Lollar's two run pinch hit single in the sixth.

The Yankees came from behind at Detroit as Gil McDougald pounded three doubles and a single good for four runs. The Yankees received 10 walks and converted six of them into runs.

**Kiwanis Wins; Lions Get LL Half Crown**

Kiwanis boosted the Lions into the first half Jaycee Little League championship last night by handing St. Joe Boosters a 3-0 shut-out on a four-hitter by Joe Frappier.

Kiwanis, with five hits off loser John Wellman, scored once in the first when Bob Stasewich walked and tallied on a triple by Bob Anderson. It was the only earned run of the game.

Kiwanis and Rotary are tied for last place and St. Joe, With 44, is out of reach of the Lions at the head of the standings. The Lions will play Rotary tonight.

# Reese Leading Shortstop Race

CHICAGO (AP)—Harold "Peewee" Reese, Brooklyn shortstop, today became the fourth Dodger to hold a leading position in the All Star baseball poll.

Reese polled 99,384 votes in the National League shortstop contest as voting continued to decide American and National League starting lineups for the All-Star baseball game in Cleveland July 13.

Reese's 99,384 total dropped Al Dark of the New York Giants into second place with 97,101 votes.

Other Dodger leaders include Gil Hodges at first base with 102,516 votes; Roy Campanella, catcher, with 98,155 votes and Duke Snider at center field with 104,651.

Stan Musial, St. Louis Cardinal outfielder, is the highest individual vote getter in the poll. He has 117,308. Runnup Larry Berra, New York Yankee catcher, has 114,674 votes. In third place is Minnie Minoso, White Sox outfielder, with 112,718 votes.

# Sports Roundup

What's this about Sal Maglie seeking out a St. Louis chiropractor to relieve his back miseries? . . . Could be significant to the Giants' pennant hopes if the Barber's pitching edge is dulled. . . .

With baseball occupying whatever time his construction ventures don't, Lou Perini may step out of Milwaukee before long . . . because, one hears, of Mrs. Perini's insistence.

When he was getting started, new U. S. Open champ Ed Furgol hit so many fairway spectators with errant drives, his insurance company cancelled his public liability policy. . . . In addition to "Wingy," he's also called "Ol' Arm and a Malf." . . . Outspoken Ed's victory statement that he would be a playing champion was aimed at Ben Hogan and reflects the respect the tournament pros felt towards choose-his-spots Ben.

Cincinnati outfielder Gus Bell is flirting with the batting leaders this season because, since he's learned to poke the ball to left, they're no longer packing the right side of the infield against him.

In Toots Shor's after the Charles battle, Rocky Marciano confided to us the roughest part of the night was his descent from the ring, when he was knocked to his knees by the Brockton mob. . . . "A guy could get hurt," he lamented. . . . In the year and a half since he purchased his new home, Rocky has spent a total of 40 days there.

Roy McMillan, Reds' shortstop, is one of the few big-time athletes to come back successfully from a ruptured disc operation . . . which should augur well for Nippy Jones, who's rediscovered the batting range with Sacramento and has major league clubs interested. . . .

Hank Thompson gets rid of the ball quicker than any third baseman in the business. . . . which accounts for the many double plays he starts for the Giants. . . . Catcher Wes Westrum says, "I can't even throw a ball to right, let alone hit one there." . . . Yankee players aren't happy about the fact that home crowds are more hostile than those they've played before around the circuit. . . . A trend: Casey Stengel, watching the White Sox practice, remarked: "Why, they've got more ball players than I've got."

Arnie Weinmeister, who skipped off to Canada, is preparing a national magazine blast against the frugal operations of the New York football Giants. . . .

One major league manager importunes his club to "win one for dear old —. This could be my last stop, fellas." . . . Only to have one veteran pitcher retort, "I don't win for dear old —. I win for my paycheck." . . .

There are more sluggers whose names begin with "Ma"—Mathews, Mays, Mantle—not to mention a fellow with a long distance punch by name of Marciano. . . .

George Shaw, expected to do a lot of quarterbacking for Oregon State this fall, is also a prospective bonus outfielder of all-conference caliber. . . . And on the all-Big Ten baseball team were Minnesota halfback and pitcher Paul Giel, Michigan State quarterback and catcher Tommy Yewcic, Indiana halfback and outfielder Bobby Robertson, all under big league contract. . . .

The Braves don't like to face Chief Nichols in batting practice because his ball is too active. . . . You can gauge the Braves' problems by noting that for the first third of the season shortstop Johnny Logan, batting No. 2, was the RBI leader. . . .

# Bugaboo Of Briggs Stadium Stays With Tiger's Billy Hoelt

**By JOE FALLS**  
DETROIT (AP)—The bugaboo of Briggs Stadium still haunts Billy Hoelt.  
The 22-year-old southpaw of the Detroit Tigers pitches well in enemy territory. But when he takes the mound before the home folks, it's another story.  
Take Wednesday, for instance.

**TIGER LEADERS**  
Batting—House, .325.  
Runs—Boone, .36.  
Hits—Kuenen, .70.  
Doubles—Kuenen, .12.  
Triples—Tuttle, .7.  
Home Runs—Boone, 13.  
Pitching—Gronke, 9-6, and Zuverink, 3-2, .600.  
Strikeouts—Hoelt, 67.

Hoelt started against the Yankees, whom he had twice shut out in New York on one hit and two hits. Billy The Kid went fine until the fifth when, for no apparent reason, he lost control, filled the bases with walks and was removed from the game. The Yankees went on to take a 9-4 victory to even the three-game series at one apiece.

**Branca Gets Loss**  
Hoelt wasn't changed with the loss (Ralph Branca was) but it was just as frustrating for the youngster from Oshkosh, Wis.

It was Hoelt's seventh start in Briggs Stadium. He has failed to win, losing four times. He wasn't involved in the decision on three other occasions.

This is Hoelt's third season in the big leagues. Yet, in that time he has won only three games in Briggs Stadium—an average of one a year.

When Hoelt left the mound, the Tiger pitching fell completely to pieces. Branca gave up a two-run double to Gil McDougald, who tied the score 3-3 in the fifth. The Yankees scored four more times in the sixth, with McDougald driving across two more runs with another double.

**McDougald Big Gun**  
The Yankee third baseman collected three doubles and a single in four trips to the plate. The loss was Branca's third of the season compared to as many wins. The Tigers used five pitchers in all.

Whitey Ford, who has never lost to Detroit, was the winner. He replaced Jim McDonald at the start of the fifth and posted his sixth victory of the season against four losses.

Ned Garver (4-3) was named to face New York's Tom Morgan (4-1) in the windup of the three-game series today.

**CHICAGO (AP)—**Confident Paul Andrews, a rangy ex-paratrooper with a stiff punch in either hand, today drew a bead on an Aug. 4 bout with spoiler Jimmy Slade after enhancing his lightweight ranking here Wednesday night.

Andrews scored a fourth-round technical knockout over rugged Danny Nardico at Chicago Stadium. The 24-year-old Andrews, ranked sixth as a 175-pounder, dropped Nardico for a nine count in the third round and the Tampa, Fla., slugger was waved off as he tried to start the fourth.

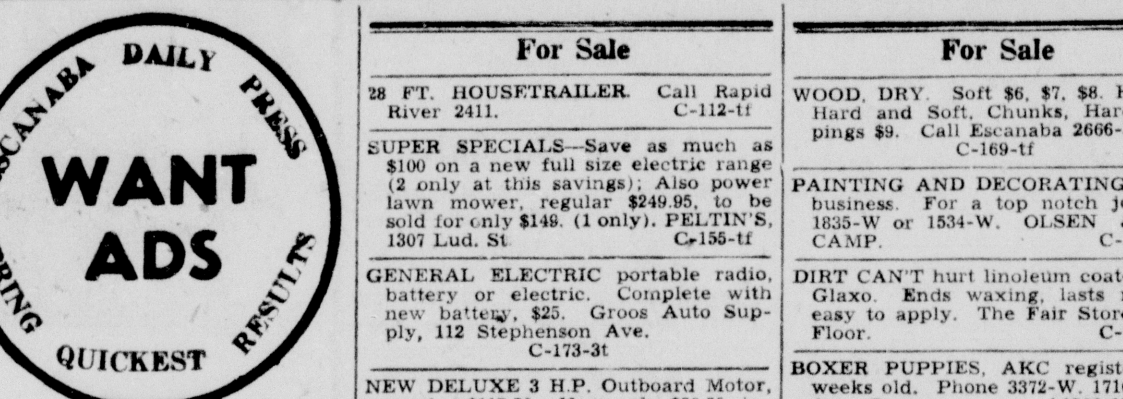

There's a hitch in the Andrews vs. Slade bout here because Slade, who recently untracked Hurricane Jackson as an ailing hand. If Slade can't make it, Andrews may meet the winner of a heavyweight bout between Jackson and Nino Valdes July 14 at Madison Square Garden.

Andrews scored his 24th victory against three defeats by cuffing Nardico from the opening bell. In the second round Andrews slashed over a cut above the wildwinging Nardico's right eye. In the third Andrews exploded a right to the jaw which dropped Nardico for a nine-count and the ex-marine was hardly able to weather the round.

Andrews weighed 180 and Nardico 178. It was Nardico's 13th defeat against 48 victories.

**240 Field In Senior Tourney In Milwaukee**  
MILWAUKEE (AP)—A field of 240 golfers, all 50 years old or older, took off in the Western Senior golf tournament today at Blue Mound Country Club.

Eighteen holes today and 18 Friday will determine the champion of the medal play event.  
J. Clark Espie of Indianapolis, 1953 titlist and two-time winner, posted a 75 on the par 70 course in his first tune-up round.  
Other past champions in the tournament are Frank Justin, Harvard, Ill., and James M. McAlvin of Lake Bluff, Ill.

**Demos Win On No-Hitter, 2-1**

**By HERB ALTSCHULL**  
WASHINGTON (AP)—Congressional Democrats won the first no-hitter in Capitol Hill's World Series' history today—but even so they were hard pressed Wednesday to maintain their unbroken victory string over a fighting Republican line.

The annual congressional baseball game went into its fifth and final inning with the GOP stalwarts out in front, 1-0, two out and nobody on base. Then came a Democratic deluge:

Rep. Harlan Hagen of California walked and stole second. Rep. Sieminski of New Jersey tied up the game with a double. Rep. Eugene McCarthy of Minnesota fouled off one pitch, took a ball, then faltered a triple.

Final score: 2-1, in favor of the Democrats who have yet to lose since the charity series started seven years ago.

Rep. Don Wheeler of Georgia, the Democrats' pitcher yielded only one unearned run.

Rep. Glenn Davis of Wisconsin pitched three hit ball until the fifth frame. He scored the Republicans' run on a sacrifice fly by Rep. Cederberg of Michigan. Davis had walked and moved to third on an error and another walk.

## Farmers To Pick Corn Price Plan

WASHINGTON (AP)—The House Agriculture Committee has voted to allow farmers to share between minimum production of corn in 1954, with the secretary of agriculture setting price support levels, or restricted plantings supported at 90 per cent of parity.

The action was taken late Tuesday, on an unopposed vote, in the committee's closed-door drafting of general new farm legislation.

The group already had voted to continue for another year, through 1955, the present system of rigid 90 per cent price supports on the basic crops: wheat, corn, cotton, rice, tobacco and peanuts.

This was a rebuff for two Eisenhower administration, which has strongly urged the substitution in 1955 and thereafter of a system of flexible supports ranging between 75 and 90 per cent of parity. The White House blames the present system for huge surpluses of a number of farm products.

### SKIN-TONE STOCKINGS

You now can buy hosiery to complement your natural skin tones. The colors follow a nationwide survey to determine the leading skin-tones among the six basic skin-types of American women. Several colors in the six types—ivory, pink, medium, radiant, olive and sepi—are shown for day and evening wear.
